Further reductions in residential electric light and power rates in the territory served by the Georgia Power company were made in an order issued Tuesday afternoon by the state public service commission and made public by James A. Perry, chairman. The reductions come through a change of the classes of meters and will aggregate about \$8,000 a month or a total of approximately \$100,000 a year.

Under the recent order of the commission revising rates, a service

charge of \$1.11 a month gross or \$1 net was fixed against meters of 10 amperes or less and a service charge of \$2.22 a month gross or \$2 net was fixed on meters carrying a load of more than 10 amperes. Under the supplementary order issued Tuesday, the 10-ampere limit was raised to 15 amperes.

Affects Many Users.
By this change virtually 90 per cent of the meters will be used on a basis of \$1.11 a month, according to E. M. Price, rate expert of the commission, who has been studying the

Mr. Price said he found a "conglomeration of people" who had been adding the new rate to the old rate and then the old rate went into effect with January 1980 readings. The supplementary order is retroactive and provides for a refund to people who have paid on the \$2.22 basis when they could have come on the \$1.11 basis had the 25 ampere rules been in effect.

eration" of meters all over the state, those used in one town being entirely different from those used in another. He said in many cases the meter used was more than sufficient to meet the demands of the customer.

The scale of service charges under the new meter-ampereage style will apply to all future billings of the company.

James L. Mayson, city attorney, who represented the city of Atlanta at the hearing held in December, declined to discuss the supplementary order issued by the commission.

"I will not have anything to say until I read the official order," he said. "Even then I don't know that I will have any statement to make."

The supplementary order of the commission is as follows:

Alabama Viaduct Urged By Members of Council In 2nd, 5th, and 6th Wards

More Representatives Join Movement to Reclaim Section To Be Traversed by Proposed Bridge.

Reclamation of Atlanta's "no-man's land" as a vital necessity was urged Tuesday by Aldermen Robert E. Gann, of the sixth ward, and Dr. P. L. Moon, of the second, and Councilman Tom C. Morris, of the fifth, all representing sections adjacent to the ward where it is proposed to construct the new Alabama street viaduct from Forsyth street to Haynes.

These men joined an already strong councilmanic group in council which has urged the improvement "as one of the most important public improvements projected in many years."

Leaders Back Project.

Construction of the structure as a relief measure to downtown traffic congestion and also as a means of ingress to a section of the city which, because of the terrain, is practically isolated was first favored by representatives of the first ward and since has been advocated by business, civic club and political leaders of the city.

"The structure would offer relief of a very material nature to traffic because it would open a new artery con-

necting the heart of the business district to the southwestern section of the city and also would provide a cross-town boulevard for relief in other sections," Mr. Gann said. "It is one of the most important projects suggested from bond funds and will be of city-wide importance. I cannot recommend it too strongly."

"While the projected improvement will not be located in our ward, it will be reflected in every section of the city and its utility will be of vast importance in other sections," Dr. Moon declared. "I am heartily in favor of it and shall support it unqualifiedly. Then, too, the immediate section which it would serve would be greatly benefited by its construction."

"For many years that fan-shaped area extending to the southwest from the Spring street viaduct and bounded by Marietta street and Mangham street has been what one might call a neglected section," Mr. Morris said. "The viaduct would reclaim an area formerly reconstructed. We should insist on its construction."

Todd Appointed.

Augusta, Ga., February 12.—(AP)—The appointment of Lindell O. Todd, of Augusta, as auditor of the Georgia & Florida railroad, to succeed the late M. T. Lanigan, was announced at the railroad offices here today.

Henry C. Baird, of Augusta, will succeed Mr. Todd as assistant auditor.

Robust Health Depends On Elements Not Found In Modern Refined Food

Noted Scientists Find in Virogen Clue to Nature's Secret of Blood Building. Tested in Hospitals —Thousands Report Wonderful Results From Its Use.

Thousands of folks drag themselves about, only half alive, with no pep, energy or ambition. They get worn out and begin the day as worn out as when they went to bed.

This unnatural condition comes from impoverished blood due to the lack of vital minerals and nutritive salts, which are not found in modern refined foods. One noted medical authority says: "When these essential elements are lacking, principally, iron, calcium, phosphorus, etc., man becomes stunted mentally and physically. Their presence in the blood is essential to good health."

A noted New York hospital physician first wrote the Virogen prescription. In hospitals and private practice, before its introduction to the general public, it proved a builder of rich, red blood, firm flesh, bone and muscle and an indispensable factor in the correct functioning of the body. According to physicians and druggists, among the numerous symptoms

that indicate, in varying degrees, weak, impoverished blood and its need of Virogen are: Lack of muscular strength and endurance, weakness or irritability; pale, anemic skin; restless sleep, loss of appetite, dyspepsia and indigestion, loss of weight, susceptibility to colds and catarrhs, habitually cold feet and hands, exhaustion after moderate exercise or work, premature age and various skin eruptions.

On file in the Virogen laboratories are thousands of letters, clinical tests and reports showing that a rundown, demoralized condition of the blood can be built up promptly by Virogen Tonic Tablets. You will quickly feel its strengthening and invigorating effects, evidenced by increased vitality, clear skin, keener appetite with better digestion and more youthful vigor. You take no chance or risk. Virogen is made in one of the largest medical laboratories in the world for general distribution. It is a scientific vitalizing blood food, NOT a patent medicine. Contains no harmful, habit-forming drugs or narcotics.

Virogen is entirely different in formula and results from any other tonic preparation on the market. If it does not make YOU feel better, look younger, increase your pep, clear your complexion, give you a new sense of vigorous health, your money will be cheerfully refunded by any druggist in America. REASON JOHNSTONGAVE PARDON IN SPOTLIGHT

Ultior Motive Sought for Impeachment Proceeding for Pardoning.

Oklahoma City, February 12.—(AP) Possible ulterior motives on the part of Henry S. Johnston, suspended governor, for the pardoning of R. D. Crosswhite, listed as an escaped convict, were sought today by the Oklahoma house investigating committee while the senate court of impeachment continued its trial of Johnston, with the pardon in the spotlight there also.

Attorneys for Johnston contend that the governor signed Crosswhite's pardon last December without making or directing an investigation that would have revealed that the convicted murderer had been listed in state records as a fugitive from justice since 1923. The defense has sought to show that Johnston was deceived by his private secretary, H. E. Sullivan, in regard to the status of the Crosswhite case.

After eluding process servers for about three weeks, T. N. Crosswhite, father of the pardoned man, was brought before the committee today and grilled for an hour.

The witness testified that he "buried" the major portion of \$1,200 in cash which he obtained on a check the day after his son was pardoned. David L. Faulk, Marshall county representative, had told the house committee and repeated to the senate court today that Crosswhite had offered him \$1,200 if he would obtain a pardon for the son, and that he refused.

Cost Him \$50.

Crosswhite, an elderly shoemaker of Ardmore, maintained that only \$50 was expended in obtaining the pardon, and said that was given to Thomas W. Champion, Ardmore attorney, for expenses.

Crosswhite denied giving any money to Louis Fischl, partner of Champion, and a member of the house of representatives from Carter county. The shoemaker, first refusing to say what he had done with the money other than that he buried it, under severe questioning said that as he did not have a bank account he hid it in a tin can under about two feet of earth.

The father denied knowledge of the whereabouts of his son, except that he "supposed" he was in South America. It had been testified earlier that haste in preparing the pardon had been urged to restore citizenship to the younger Crosswhite so he might obtain a passport and sail for South America to represent an oil company. Edwin Dabney, state attorney general, told the senate court he had advised the governor, through J. W. Mansell, late pardon and parole officer, that the clemency could be revoked. Mrs. Ernestine Hunt, clerk in the pardon and parole office, testified she had placed a paper purporting to be a revocation before the governor but that he did not sign it. Dabney said he was prepared to proceed with revocation as soon as he received instructions.

Atlanta Children Help Celebrate Georgia Founding

Simultaneously with celebrations throughout the state commemorating the foundation of Georgia, children in the schools of Atlanta and Fulton county observed Tuesday as Georgia day with special exercises. Marking the 196th anniversary of the arrival of General Oglethorpe on the soil of this state, the programs pictured the founding of General Oglethorpe's colony, development of the state, careers of famous Georgians and various historical incidents.

In high schools exercises were conducted by each of the classes. In the grade schools the fourth, fifth and sixth grades of each school held joint exercises, and the second and third grades offered joint programs.

Patriotic songs and recitations dealing with Georgia supplemented the various programs. Special tribute was paid poets and writers who have brought distinction to the state. Affiliated chapters of the Georgia Federation of Women's Clubs conducted programs adding to the significance of the day. Miss Nina Hornady, an authority on Georgia history, and Dr. Sam W. Small, member of the edi-

torial staff of The Constitution, were principal speakers at the Atlanta Woman's club Tuesday.

NEGRO CONFESSES HE KILLED TWO MEN IN GEORGIA

Huntington, W. Va., February 12.—(AP)—A statement that he was wanted in Georgia for killing two men was made to authorities today by John L. Gleton, 30, negro, held here on an automobile theft charge. Sheriff Frank Tyree said the negro's wife corroborated Gleton's statement, and said that she witnessed both slayings: one at Atlanta in 1917 and the second at Tallbotton, Ga., in 1922.

The official said Gleton and his wife told him both victims were negroes and gave their names as Lee Sniff and Fred Green. Facing a term in the state penitentiary for auto theft, Gleton said, prompted him to make the confession and "get it over with."

Long List of Indictments To Be Asked Friday Morning Against Alleged "Fiend"

Alvin E. Merritt, 25, and J. C. Hamilton, 31, His Alleged Accomplice, Facing Many Charges.

A long line of burglary charges will be filed against Alvin E. Merritt, 25-year-old alleged north side "fiend," police announced Tuesday as the near completion of their investigation of Merritt and J. C. Hamilton, 31, Merritt's associate and fellow worker.

Indictments charging Merritt with assault, attempted assault, robbery and burglary and charging Hamilton with robbery and attempted assault will be asked of the grand jury at its regular semi-weekly session Friday morning, Lieut. T. O. Sturdivant, in charge of the investigation, said.

"The evidence we have obtained is so conclusive and has been compiled so rapidly that we think it useless to delay its presentation to the grand jury," Lieutenant Sturdivant said.

"We had planned to wait a week or 10 days, but we think now that we have everything of importance and enough evidence to make the indictments certain."

Women View Suspects.
Merritt and Hamilton were viewed by a number of women and girls Tuesday at police headquarters, but no additional identification were obtained. To date Merritt has been positively identified by 17 women at their attack, while Hamilton has been identified by one woman who said he attacked her and two others who said he robbed them.

The burglary charges against Merritt will be filed as a result of the recovery of stolen property found in his apartment at 1000 Greenwood avenue Sunday after his arrest Saturday night. It is the police theory that Merritt entered the homes of girls and young women primarily to attack them, but that if he found no one at home he ransacked the rooms and took whatever valuables he found.

Some of the property found in the Merritt apartment was identified but there remains at headquarters three men's watches, a woman's wrist watch and some other property, yet unidentified.

Questioned at Length.
Merritt was questioned at length again Tuesday by Lieutenant Sturdivant, Guy Lindsey, veteran detective, and Special Plainclothesmen F. C. Foster and H. L. Harris, but continued to persistently deny all the charges against him.

After a long grilling Tuesday afternoon he was returned to his solitary confinement cell and Sturdivant announced he practically had given up hope of obtaining a statement or confession from him.

"Of course we would like to make the case complete by getting a confession from Merritt and Hamilton," Sturdivant said, "but in the case of the former it is not at all necessary for we have enough evidence to convict him without the confession."

Lieutenant Sturdivant admitted that the evidence against Hamilton was far less conclusive than that against Merritt, but said he "hoped to make it strong enough to insure conviction."

Merritt held a long conference with his counsel, H. A. Allen, Tuesday, but no announcement of plans for his defense was forthcoming.

INJURED IN 1920, C. E. WOOD SEEKS \$100,000 DAMAGES
Suit for \$100,000 damages for injuries alleged to have been received in a fall down the elevator shaft of the Atlanta Joint Terminal building on July 6, 1920, was filed in city court of Atlanta Tuesday by C. E. Wood.

The petition names as defendants Andrew W. Mellon, as director general of railroads, the railroads having been under government operation at the time, the Atlanta Joint Terminal, composed of the Louisville and Nashville railroad, the Atlanta and West Point railroad and the Georgia railroad, and Fair and Martin.

The petitioner alleges that at the time of the accident, he was 12 years of age and was a messenger for the Postal Telegraph company. Called to the office of Fair and Martin on the third floor of the building, he went to the freight elevator entrance, there being no stairs, the plaintiff alleges. In the dark, he fell into the elevator shaft and was seriously injured, the safety gates having been hoisted while the elevator was at another floor, the plaintiff alleges. The petition was filed by Scott and Hornbuckle.

The state statute of limitations does not apply to a citizen until he is 21 years of age, it was explained by plaintiff's counsel, and since Wood attained to his majority only last November, he has yet three years in which to bring suit.

"LEADING CITIZEN" OF GRIFFIN GIVEN LOVING CUP PRIZE
Griffin, Ga., February 12.—(AP)—Colonel L. P. Goodrich, selected by a committee of civic leaders as Griffin's "leading citizen" for 1928, was honored tonight at a banquet given by the chamber of commerce. The Griffin Daily News loving cup was presented to him by Lloyd Cleveland, his law partner. Another speaker of the evening was John H. Cheatham, Griffin textile man, who was "leading citizen" for 1927. The Griffin Exchange club, of which Goodrich is a past president, cancelled a meeting and attended the banquet in a body.

Negro's Ear Shot Off Following Argument Over Pair of Shafts
Sparta, Ga., February 12.—(Special)—J. Rhodes, a negro farmer living on the tenth district A. & M. school farm, near here, was arrested and lodged in jail Monday afternoon for shooting another negro named John Hunt, also a worker on the school farm.

Rhodes said he and Hunt argued about a pair of wagon shafts and that the shooting followed. He shot Hunt with a shot gun at close range and the lead only grazed the side of his head and shot off a portion of one ear. Rhodes will be held until the next term of Hancock superior court under a charge of assault with intent to murder.

HIGH COURT UPHOLDS BANK ASSESSMENTS

Thousands of Levies Said To Be Affected by Decision.

The state superintendent of banks has authority to delegate to his assistants the power to execute assessments against stockholders in banks that have failed according to a decision handed down Tuesday by the supreme court. The court reversed itself in the decision, changing a former opinion handed down several months ago.

The ruling was in the case of D. D. McCaskill against the Chattahoochee Fertilizer company and others, but it said that the effect of the decision would be to legalize thousands of assessments levied in other cases.

McCaskill sued the fertilizer company to collect an assessment levied against the latter by virtue of its ownership of 25 shares of stock in the Bank of Ty Ty. He had bought the bank's assets when it was closed but the fertilizer concern refused to pay the assessment for double liability on its stock, which was taken to secure a debt for fertilizer.

The assessment was levied in the name of T. R. Bennett, then superintendent of banks, by J. E. Cagle, assistant superintendent. The authority of Cagle to act for his superior in such cases was the point at issue which was upheld by the decision.

When the case first was appealed from Fulton superior court the supreme court, with two justices dissenting, held that the bank superintendent alone was authorized to issue executions against stockholders in default of assessments and could not delegate that power to others.

BALANCE OF TRADE TO EXCEED BILLION, U. S. REPORT SHOWS
A review of America's foreign trade during 1928 is featured in the current issue of "Commerce Reports," just issued by the bureau of foreign and domestic commerce.

The report, which gives a complete summary of America's export and import trade during the past year, confirms previous indications that the 1928 balance of trade would exceed the billion dollar mark for the first time since 1921.

Exports in 1928 reached a value of \$5,129,000,000 which was 5.4 per cent more than in 1927 and larger than in any other years except those from 1916 to 1920, during which conditions were very abnormal and prices were much inflated on account of the world war.

Imports totaled \$4,091,000,000 during the same year.

WITNESS IN TRIAL OF LIGGETT FACES PERJURY CHARGE
Nashville, Tenn., February 12.—(AP)—The Davidson county grand jury today reported an indictment charging perjury against John Quinn, 56, itinerant boilermaker, who testified to being an eyewitness to the beginning of the shooting in which Turner Cunningham, hotel manager, lost his life at the hands of Walter L. Liggett.

Quinn's bond of \$1,000, signed by C. E. Liggett, father of the defendant in the trial now in progress, was allowed to stand.

The trial of young Liggett was not resumed this morning, owing to the continued illness of a juror. Court adjourned until tomorrow morning, but indications were that the trial would not get under way again before Thursday.

PLAYWRIGHT ASKS DAMAGES OF \$3,000 AGAINST PRODUCER
Action for \$3,000 damages was instituted in Fulton superior court Tuesday by Miss Mary Louise Booth against Joseph Regenstein, Jr., because of Regenstein's alleged failure to live up to an agreement to show Miss Booth's play, "The Flame," at the Atlanta theater.

Miss Booth said that she was to have received 50 per cent of the net profits. She asked for a restraining order to prevent the defendant from depicting or exhibiting the script of the play which she alleges is in his possession. The suit was filed by Carman and Felding.

Judge Describes U.S. Dry Problem As Political Issue

Athens, Ga., February 12.—(AP)—United States District Judge Samuel H. Sibley recommended here today a nation-wide referendum on prohibition, not with any view toward repeal or modification of the eighteenth amendment, but to obtain the attitude of the people toward it for the information of congress.

In a "Georgia Day" address at the University of Georgia, the jurist also advocated the creation of a fact-finding commission to obtain data on the problem of law enforcement, terming prohibition the most important of all national problems today and describing it as a political not a religious or moral question.

Judge Sibley proposed that congress authorize the distribution of a questionnaire for the referendum containing these questions:

Do you favor prohibition as a part of the constitution?
Would you be willing to abstain from the use of all alcoholic beverages for two years in order to give prohibition a fair trial?

Do you favor modification or repeal of the prohibition policy of the government?
He urged that university students and others interested in prohibition petition congress to conduct the referendum, pointing out that congress has the legal right to obtain information on anything it desires. He pleaded for a cool, impartial study of the whole question.

The accident happened Monday. The bullet entered the girl's left arm, just below the elbow. She was treated at the Sandesville hospital.

SENATE VOTES FUND TO AID FLOOD DISTRICT
Loan Authorized So Farmers Can Buy Seed and Fertilizer.

Washington, February 12.—(AP)—Without a record vote, the house today passed a senate bill to authorize \$8,000,000 for seed, feed and fertilizer loans to farmers in storm-swept sections of the southeast. The measure goes back to the senate for agreement to house changes.

The measure was designed to relieve distress caused to farmers by storms that swept sections of Virginia, North and South Carolina, Georgia, Florida and Alabama, in the wake of the Florida hurricane of last year. The loans would be to finance their operations during the coming crop season.

The only opposition to the legislation offered on the floor came from Representative Deal, democrat, Virginia. Deal said he was opposed to the principle of the government making such loans because they were unconstitutional.

Representative Fish, republican, New York, offered an amendment to provide \$25,000 for loans to persons in Orange county, New York, and the amendment tentatively was accepted by 44 to 30. In reconsidering the proposal, however, the house struck the change from the bill.

The Fish amendment was followed by one proposed by Representative Rowbottom, republican, Indiana, to provide \$5,000 for loans in "Posey, Indiana," which was rejected by 49 to 5. Another offered by Deal to make the fund available for loans in any state in the union also was rejected.

Deal characterized the measure as a "gesture to southern states to induce them to remain in the republican ranks."

"Was that an issue in your campaign?" inquired Representative Williams, republican, Illinois.

"Yes," said Deal.

"Then I can understand what happened to you in the election."

Deal was defeated by a republican. As the measure came to the house from the senate it would have authorized \$15,000,000 but the house cut the sum to \$8,000,000 and added tobacco growers to the list of farmers to whom loans would be permitted.

Mechanic Killed.
Brunswick, Ga., February 12.—(AP)—E. A. Morsch, 21, of Jacksonville, Fla., automobile mechanic, was fatally injured last night when his automobile collided with an orange truck owned by Abe Duun, of Elkhart, Fla., and driven by a negro assistant. Both the car and truck were demolished. Morsch received a fractured skull. The other men were unharmed.

"Was that an issue in your campaign?" inquired Representative Williams, republican, Illinois.

"Yes," said Deal.

"Then I can understand what happened to you in the election."

Deal was defeated by a republican. As the measure came to the house from the senate it would have authorized \$15,000,000 but the house cut the sum to \$8,000,000 and added tobacco growers to the list of farmers to whom loans would be permitted.

The Packard Standard Eight is priced from \$2435 to \$2835—the Custom Eight from \$3175 to \$3580—and the Eight De Luxe from \$4585 to \$5985—at the factory. Individual custom cars are also available to order on the De Luxe chassis.

If you prefer to buy out of income, you will find the Packard Payment Plan most attractive. Many take possession of their new cars without any cash outlay—and with the small monthly payments made smaller because the used car allowance exceeds the down payment on the new car.

DRUID HILLS TO HEAR FIRE STATION PLANS

**Civic Club President Will
Recommend That Station
Be Erected by Residents.**

Plans for the establishment of a fire station near Emory university operated under the supervision of the Atlanta fire department for the protection of the Druid Hills residential section will be discussed at the regular meeting of the North Druid Hills Civic club at 8 o'clock Thursday night in the auditorium of Emory university.

Atlanta will not discontinue fire protection for this section until March 15, the board of firemasters decided Monday, the extension of time being given to allow residents of the sec-

tion to plan for their protection after that date.

The club will hear a recommendation by Bruce Moran, president of the civic club, that the organization finance the construction of a new station and the purchase of necessary equipment for protection of residents in that section.

Councilman Ellis B. Barrett at a meeting Monday of the firemaster board, asked the civic club to see if it could not obtain \$20,000 from DeKalb county to man a fire truck the city now owns but which is not being used due to lack of funds to operate it.

The possibility of better fire protection will be discussed by Howard Candler at the meeting Thursday night, and he also will discuss the merging of DeKalb and Fulton counties. Fire protection for the section also will be discussed by W. E. Saunders, chairman of the board of firemasters of Atlanta.

Concerning the merging of DeKalb with Fulton county, Mr. Moran Tuesday pointed out that it was a question which merited the serious consideration of the club.

To Our Policyholders:

The Southern States Life was organized in 1906, and for eighteen years proceeded upon a conservative basis, confining its operations to an intensive development in the four states of Alabama, Florida, Georgia and South Carolina. A foundation of permanency having been built, the Company in recent years extended its territory to other states.

The business of The Southern States Life has been increased in volume gradually and carefully, solely through the efforts of its own agents and field representatives.

The Officers and Directors believe that they now are justified in undertaking a larger and increased scope. Therefore for this year they have prepared a program with the object in view of securing not less than \$25,000,000 of new business. The production for 1928 was more than \$15,000,000.

The organization is in splendid shape to fulfill the program outlined. The Agency Department is now under the direction of an executive who is one of the ablest and most experienced men of the country and the future of the Company is without limitation. The progress during the year 1928 was satisfactory in every way as to the Company's showing in Assets, Income, Business in Force, Reserves and Surplus.

We seek the continued support, confidence and good will of the people in the South, based on the splendid record of the Company, the unexcelled service rendered to policyholders, and the courteous and generous treatment extended to all.

The 3-Door Sedan, \$745 Body by Fisher

"TELL ME who you go with and I'll tell you who you are." That has a familiar ring, hasn't it? But you seldom hear it any more. And why should you? People have a better way of judging other people now. They simply look at the family automobile.

And that is why the Pontiac Big Six is meeting with greater success than any other Pontiac ever built. It was designed to appeal to forward looking people. To progressive Americans who simply refuse to buy just any car—and who demand in their automobiles an increasing degree of beauty, luxury and comfort.

Study the Pontiac Big Six and you will see that

it provides big car qualities to the fullest degree. It has big car beauty and grace of proportion. It offers big car engineering features by the score. In chassis and body, it is built to the strictest standards of big car quality. It performs like a big car—easily, effortlessly, silently, smoothly. It drives like a big car, due to its easy steering, its adjustable driver's seat and its internal-expanding four-wheel brakes. It rides like a big car—with an inviting air of big car roominess and comfort. Yet it sells for as little as \$745.

Every day, the number of Pontiac Big Sixes on the road is increasing—because progressive people welcome the idea of stepping up in motor car quality without stepping out of the low-priced field!

Prices \$745 and up, f. o. b. factory, plus delivery charges. Bumpers and rear fender guards regular equipment at slight extra cost. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

Complete Description

MAKE no mistake about what these books are. The set contains 60 different books, or 60 separate volumes. Each volume measures 3½x5 inches, and the books run to 64 pages each. The type is 8-point (the size used in the average daily newspaper), and it is clear and easy to read. The manner of setting these books enables us to put 15,000 words of text in each book, so you see the books are not sketchy, or mere "outlines." Each text is complete in itself. The total number of pages in the set is 3,488; the total number of words exceeds 825,000! Is not this a bargain at \$2.98? And we pay the postage to your address! Many of the books have illustrations or diagrams to make the text more understandable. The books are uniformly bound in stiff, substantial covers. You will be amazed and delighted with the worth of this set.

TEXTBOOKS are often dry and musty. This Educational Course will be found refreshingly different from the usual educational volume. Every book has been written with the reader constantly in mind. Every page is clear and readily understandable by the average person. No attempt is spared to provide books which everyone can use to learn without the aid of an instructor.

Every book in this 60-volume set is self-teaching—that is the plan that underlies them all, to make no instructor necessary. Of course, the books are of no value unless you read them with the determination to learn. There is no royal road to knowledge just by letting your eyes run idly over the printed page! But if you have real ambition, then these are books to help you get ahead—these are books which may be of more genuine benefit to you than all four years of formal high school training.

Easy to Understand

The simplicity of these books is truly amazing. You will be gratified to find them entirely lucid in every way. No subject is kept difficult—all are presented to you so that you can get the most out of them. Just reading these books is educative to an extent that you cannot realize unless you try the experiment! Furthermore, every volume is interesting. The type is of a size to make reading easy. The authors have been interested in their subjects, and this makes it certain that those subjects are presented in a delightfully fascinating manner.

What makes some textbooks difficult for the ordinary reader is that essential facts have been left out—such facts to be supplied by the teacher. In this Educational Course every fact is inserted in the text. With attention and determination a thorough grasp can be had of the subjects represented in this course (see the complete list at right). It is not necessary to ask questions—every question has been foreseen and already answered by the writers who have made this set a marvel of clearness and completeness.

Answer Questions Like These

All of these questions, and hundreds of others, are understandable answered in this 60-volume EDUCATIONAL COURSE, totaling some 825,000 words of text—and the price of 60 books is only \$2.98, payment in full. This price includes the postage to your address. At such an amazingly low cost, can you honestly afford to be without a set of books which promise to be so useful and valuable to you?

- (1) Who said: "Where ignorance is bliss, 'tis folly to be wise?" (2) What is meant by "squaring the circle?" (3) What have the following names in common: Van Buren, Tyler, Polk, Fillmore, Pierce? (4) What are the four forms of English Composition? (5) What is Psychology? (6) Who were Donatello, Cellini, Bologna, Rodin? (7) What is the Milky Way? (8) Who was Delilah? (9) What famous speech begins: "Friends, Romans, countrymen, lend me your ears?" (10) What do the following mean: (a) "Sprechen sie Deutsch?" (b) "Parlez-vous français?" (c) "Halla usteri Epanol?" (11) How far does a falling body drop in the first second after starting from rest? (12) What does "ibid." mean? (13) What was the Roman god of war? (14) What were the three orders of Greek architecture? (15) What chiefly caused the U. S. Civil War?

CONSIDER for a moment the wide scope of these sixty books—think just how comprehensive they are! There are 825,000 words in these sixty volumes. They include a wonderful variety of subjects, from history and economics and literature to mathematics, foreign language and the arts. Even commercial subjects, such as geography and typewriting, are included. You get a substantial foundation in the arts, and an insight into the great world of science. Then there are the handy reference volumes, the alphabetical dictionaries, which give you concise information just when you need it and exactly as you want it.

Four foreign languages—the languages which most English-speaking people desire to learn—are given in this set. These foreign languages are self-teaching in these handy volumes. They may be readily grasped with the aid of these books.

Everything you need is here—a series is compact and complete in itself. This is a course crammed with valuable information and useful knowledge. There are two volumes of questions and answers (quizzes) with which you may test your knowledge from time to time. There is that excellent general treatise on "How to Study!"—this work alone is really worth the entire price of the set in the valuable hints it gives and in the manner in which it enables the average person to study in such a way that he will get the most possible good out of his efforts.

You will find it invaluable to have at hand many of these books which you may not use at first. Though some of the subjects may seem to you apart from your present interests, they will sooner or later come in handy. Everyone, today, should have a representative library of reference to which he can turn in search of facts when he requires them. That is what makes this course so thoroughly useful, and that is why sixty volumes were chosen as the ideal number of books for the set.

In our modern civilization, with the miracles of modern printing, knowledge is within everyone's reach. There is no longer any excuse for any individual to remain in ignorance. Lack of knowledge is not tolerated. Today you must be progressively alert—keep abreast of the times—and maintain a standard of education that is on a par with the knowledge of your fellows. This 60-volume EDUCATIONAL COURSE will be a forward step in this direction; these sixty books will be worth far more than \$2.98 to you in achieving this much to be desired result. Mail that blank before it is too late!

GRAB THIS CHANCE!

NOW you can fill in those embarrassing gaps in your knowledge. Here, in 60 handy volumes which fit your pocket or handbag, you can get the essentials of the usual High School Education for only \$2.98. This is positively all you pay—if you use the special order blank below before our remaining 5,000 sets are gone—mail it before midnight of Feb. 28, 1929.

What do the words "A High School Education" mean? They mean a thorough grounding in those essentials of modern knowledge which enables a person to be the most efficient in the everyday activities of his work and of his contact with others. When it is required that a person have a High School Education, it is meant that such a person must be equipped with a substantial background of English, History, General Literature, some Languages, Commercial Subjects (Business and Economics), Mathematics, Science and the Arts. It is expected that such a person will have his intelligence alert and trained to enable him to learn new things readily, to know where to look for facts not already in his possession; in short, to be a man or a woman aware of those fundamentals which form the basis of every education and of all culture.

Probably you have often felt the lack of knowledge you really ought to have at your command. Perhaps you did not get the most out of your school days, or possibly you were obliged to leave school before you had completed your education. Or your High School training has slipped into the past, and you are "rusty" on many subjects. Whatever the reason for the lack, you feel that the void is there—and you want to fill in the gaps! This 60-volume HIGH SCHOOL EDUCATIONAL COURSE is just the thing for you—it is comprehensive, easily understandable, thoroughly reliable and authentic, and absolutely up to date.

Whether you wish to study High School Subjects for the first time, or whether you merely wish to review your High School Education, you will find these 60 books exactly what you need. Read the list of titles carefully as listed at the left—and remember, all you pay for all 60 of these splendid books is two dollars and ninety-eight cents!

A word about this astonishing low cost—the price of \$2.98 for all 60 of these books

is possible, has been possible, because of mass production. These books have been bought by more than 250,000 people. The popularity of these books is irrefutable indication that they are filling a widespread need. Indeed, the price is so low that many people get the set just to have the books handy for reference. At such a price no one can afford to be without these books. In usual library form they would cost perhaps \$25; in the new two-volume cloth edition they will cost \$10—but you can get the same material, word for word, in 60 pocket-sized volumes, for only \$2.98 postpaid! But remember—5,000 sets are all we have. You must not delay—Feb. 28th is the last day! Grab this chance NOW! Amazing as it sounds, it is quite true that \$2.98 is FULL and FINAL PAYMENT for all 60 of the books in this HIGH SCHOOL EDUCATIONAL COURSE. And you dispense with the instructor altogether; you become your own teacher, learning as you read.

We pay the postage to your address on this 60-volume set. The price of \$2.98 includes all charges except the small C. O. D. fee (exactly seven cents), which goes to the U. S. postoffice. All packing and carriage charges are otherwise fully paid. You can avoid any possible delay or inconvenience (C. O. D. packages sometimes move slower than regular parcel post, and if you are not home when the package is first delivered it may cause you a little inconvenience) by remitting \$2.98 with your order. Satisfied customers everywhere guarantee the value of this set of books. You are assured of satisfaction—when you see the books you will be convinced that they are worth the bargain price of \$2.98.

Initial Steps in Solution Of School Financial Tangle Will Be Undertaken Today

Special Bond Committee Expects Important De- velopments To Result From This Session.

First steps in solution of the financial problem incident to operation and maintenance of Atlanta's public school system, which is a prerequisite to issuance of additional bonds, are expected to be taken at a meeting at 3 o'clock this afternoon of a special bond committee. The session will be held in the city hall with Alderman Claude Ashley, chairman, presiding.

Willis A. Sutton, superintendent of the Atlanta public schools, and Jere Wells, superintendent of Fulton county schools, have been asked to appear before the committee to discuss the school situation. Both have accepted and leaders predicted Tuesday

that important developments may result from the conference.

Solution Is Required.

Members of the special bond issue committee have held that issuance of future bonds for public improvements in Atlanta hinges on a feasible and adequate solution of the financial dilemma into which the city has been precipitated because of the large amount of current revenue needed to maintain the school system. They met and adjourned at the last session without attempting to slash the \$24,000,000 of requests for funds to the \$8,000,000 maximum bonds which the city can issue under the present laws. They failed to act because of their belief that the city could not provide interest and sinking fund for the bonds and that the school finances were rearranged so as to relieve the city of the burden of providing them.

To Receive 32 Per Cent.

Schools this year will receive more than 32 per cent of the entire gross receipts of the city, including \$125,000 for the free school book fund and interest and sinking funds on outstanding bonds, according to esti-

mates. Last year they received more than 50 per cent.

Administration leaders declare such a situation is intolerable and that unless some relief is afforded other branches of the local government will face serious financial complications. The January finance sheet carried only appropriation for operation and maintenance of departments and no employee of the local government received a raise in salary and no improvement was provided.

Relief Measure Urgent.

Although the actual crisis in the city's financial affairs will not be faced until 1931, some relief measure must be evolved at once in order to prevent serious financial complications in all departments in the near future.

It was the anticipation of this crisis which caused the bond committee at its last session to decide not to recommend any bonds unless some feasible relief measure could be found by which the financial burden imposed on the local government in operation of the school system could be lifted.

The meeting today has been called for the express purpose of attempting to find a solution of the situation. Preliminary work was that marked progress will be made at the session.

Mrs. Osman was born in Southampton, England. She was married to Dr. John Osman, a native of Ayr, Scotland, who survives her. They came to Atlanta soon after their marriage and established a wide circle of friends.

TEACHERS ADDED TO CITY SCHOOLS

pals and teachers an additional one-fourth salary in schools where there are double sessions, and reference to the administration department of a measure intended to reduce the number of employees in the business department who are under bond.

New teachers sanctioned by the board were:

Commercial High—O. B. Montgomery, E. B. Smith, George Newman, Mrs. Grace N. Woodell and J. H. Johnson.

Boys' High—W. B. Kimball, Frank McMullen.

Tech High—W. I. Axtell, Joe Brown Junior High—Charlotte Emerson, E. H. Lunn.

Girls' High—Mrs. Tom Little, Elma Wither.

Hoke Smith Junior High—Marion Talmage, Laura Belle Stubbs, G. K. Hutcheson.

Washington High (negro)—G. L. Lattimer.

Elementary schools—Alice Johnson, Ruth Dobson, Edna Orwell, Bertha Wachman, Ethel Smith Kerlin, Katherine Davidson, Louise Seaborn, Doris O'Steen, Fannie Heimann, Dorothy Coleman, Dorothy Hansell and Jeanette Eubanks.

Vacancies Filled.

All those elected were not for relief of the teaching load. Many of them were to fill places vacated by resignations, but nine were included for relief of congestion in the junior and senior high schools.

Dr. McIntosh M. Burns, chairman of the committee to probe alleged violations of specifications by the Lottis company, asked more time for his committee, stating that a survey now is under way and that until it is completed the committee could not make an intelligent report. He stated he would ask that the report be included on the order business to be considered at a special called meeting of the board in about 10 days.

J. H. Smith, principal of the Bass Junior High school, presented the claims of principals and teachers to the additional pay for overtime work done because of double sessions.

Sent to Committee.

An effort on the part of James W. Maddox, commissioner from the fifth ward, to pay the \$4,000 estimated as the amount of the claim, from the research fund and capital outlay accounts of the budget, failed and the matter was sent to the current expenditures committee, headed by John T. Hancock, of the eighth, for a report.

Alderman J. Allen Couch, of the fifth, initiated the proposal to reduce the number of employees of the administrative staff who are under survey bond and asked that the matter be referred to the department for a recommendation as an economy move.

Proposal to change the name of the Luckie Street school to the Black school in honor of Mrs. Nellie Peters Black, was endorsed by Mrs. Julia O'Keefe, Nelson, of the sixth, and was referred to a special committee, headed by Mr. Hancock, for a recommendation.

Budget To Be Referred.

A rule permitting reference of the annual budget of the board to the current expenditures committee for a recommendation before it is brought to the board each year was adopted. The number of deaf children in the Atlanta schools has dwindled until at the present time there are only two in the entire system, according to a report of Willis A. Sutton, superintendent.

Proposed use of portable by O'Keefe students for athletic purposes will be investigated by the administration department and a committee.

Herbert Hoover, Jr., Pays Brief Visit on Flight North

Photo by George Cornett, Staff Photographer.

Herbert Hoover, Jr., (at left), and Captain Edward M. Haight were snapped Tuesday at Candler field, where they made a brief halt on their journey from Florida to Washington.

Stopping in Atlanta for half an hour to refuel, Herbert Hoover, Jr., and Captain Edward M. Haight, en route to Washington from Florida, where they will discuss the president-elect, hopped off shortly after 3 o'clock Tuesday afternoon for Spartanburg, S. C., where they stopped for dinner. Their plane took the air again at 8:40 o'clock Tuesday night, for Washington, with a brief stop at Richmond.

The president's son and pilot left Fort Myers Tuesday morning and stopped at Jacksonville shortly before noon. They came from Jacksonville to Atlanta in approximately three hours.

On the southward trip, Hoover left the plane at Atlanta on account of bad weather and continued to Florida by train. Captain Haight followed several days later with the Stearman biplane.

Paris, February 12.—(P)—General John J. Pershing, arrived in Paris this evening feeling better but not entirely recovered from an attack of grippe which had confined him to his cabin during most of the trans-Atlantic crossing of the steamship Leviathan.

He said tonight that he intended to remain in his hotel for a few days, before venturing out but that he "felt much better now and think I have shaken it off." The general said that he had no fever but would remain indoors awhile as a precaution.

CHANGES IN WORLD COURT RULES SEEN

Continued from First Page.

all the will and the deed of the civilized nations of the globe. The last war has left in the political and diplomatic atmosphere longings for peace. We have all seen it, more or less, close at hand, and the whole world is still suffering from its economic consequences. It was, as every one of the armed struggles that preceded it has been, a calamity for humanity, and it is necessary to place as many obstacles as may be possible in the path of these great convulsions. Justice has ever been the most insurmountable barrier to force, and the most effective preventive to frustrate it. Progress and civilization turn their supplicating eyes to justice, as their greatest inspiration and their strongest protection.

The universal acceptance of the new statute of the world court will be theory turned to practice, the affirmation of principles translated into facts, preaching changed to doing, danger reduced by tranquility and mankind leaving to history the traces of its primitive life, to follow now an existence just and glorious.

Round Table Discussions.

The main work of the conference will begin Wednesday morning with the round table discussions at 9:15 and 10:30 o'clock. At the first period Professor Paul Bryan, of Emory, will lead a discussion on "The Constitution of the United States," and another on the "World Court" will be led by Judge Bustamente. The other morning groups are as follows: "The Constitution of Georgia," by Mr. Walter McElreath, of Atlanta; and "Can Democracy Function," by Miss Eleanor Raul, Atlanta.

The principal addresses of Wednesday will be delivered by Dr. Edwin Mims, of Vanderbilt university at 12 o'clock in the university auditorium on "The Function of Criticism in the South." At 8:30 p. m. he will speak again, his subject being "Adventurous Democracy."

Catarrh is Serious Handicap on Victim

Find a man, woman or child who is afflicted with chronic catarrh of the nose and its connecting air passages and you will always find a patient who is most susceptible to more serious diseases. Why? Science explains that catarrh interferes with natural breathing thus preventing proper oxygenation and purification of the blood by the lungs and also absolutely prevents restful, refreshing sleep. Catarrh is a constant drain upon the nutrition of the body, making the patient weak and thereby susceptible to all germ infections such as colds, flu, pneumonia, etc.

Your physician will tell you that catarrh is a local condition, not a systemic disease. You must fight it constantly with a local remedy that reaches the spot. Of the many remedies that have been tested for the relief of catarrh, none has given such uniformly successful results to the physician or attained such popular favor as the prescription of Dr. Runyon, known to your druggist as Runyon's White Wonder Salve. Applied in the nostrils, morning and night, "White Wonder" gives quick and most delightful relief. Clean, healthy and absolutely stainless. White Wonder is a perfect example of the finest pharmaceutical art—a joy and comfort to everyone who suffers with nasal catarrh.

Ask your druggist for WHITE WONDER today or mail thirty-five cents for a family jar, postpaid. White Wonder Chemical Company, 50 Greil Bldg., Montgomery, Ala. Our slogan—"Perfect satisfaction or your money back."—(adv.)

COOLIDGES TO ARRIVE BACK HOME MARCH 5

Will Reach Northampton
Early in Morning, Accord-
ing to Present Plan.

Washington, February 12.—(AP)—Mr. and Mrs. Coolidge expect to be back at their old home town of Northampton, Mass., on the morning of March 5.

The president plans to leave the national capital as early as possible on the afternoon of the inauguration day of Herbert Hoover, for the Massachusetts city where he started his political career as councilman and city solicitor. Mrs. Coolidge, it was disclosed today, is anxious to be at the bedside of her mother, Mrs. Lemira Goodhue, who has been seriously ill at a Northampton hospital for some time.

As yet, however, there can be only speculation as to what activities the president will undertake upon his retirement from office. He is said to be deferring until after March 4 consideration of his future connections. Meanwhile the packing of his many gifts and mementoes received during his term of office for his departure from the white house is proving a much more severe task than the president had foreseen. Indeed, Mr. and Mrs. Coolidge frankly are having a great deal more trouble moving out of the executive mansion than they had in moving in in 1925.

The gifts are of many kinds and

Many Books Given School

Atlantans responded nobly to the appeal of Mrs. Julia O'Keefe Nelson, member of the school board, for books to enlarge the library of the O'Keefe Junior high school. Mrs. Nelson appealed to the Atlanta public for books through The Constitution. Here are shown a few of the books received Tuesday. Left to right, those in the picture are Miss Athas Newbourn, librarian; Mrs. Nelson and S. M. Hastings, principal of the O'Keefe Junior high school. Donations of books still are being received.

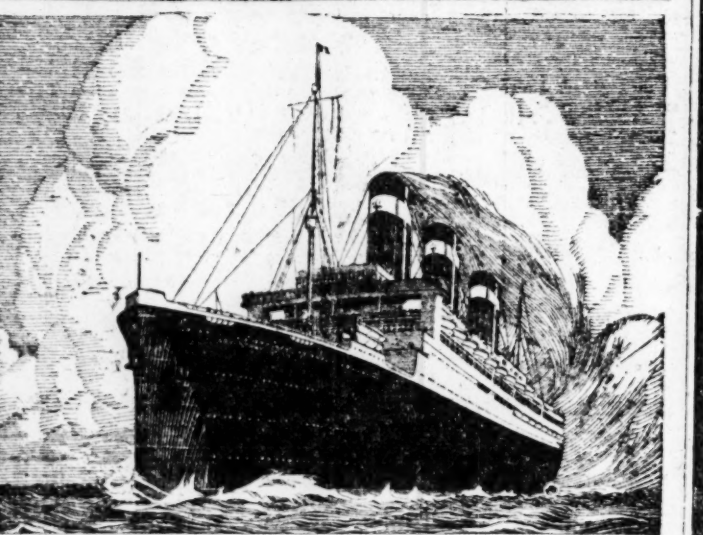

sizes, bulks and shapes and for several weeks the process of selecting for shipment has been going on. Already more than 150 boxes have been packed. And the end is not yet in sight. Of course, all of the gifts that have come to the white house will not be taken to Northampton. But here another problem enters—that of selection. On many of the articles Mr. Coolidge places no great intrinsic value, but many of them have associations which make him desirous of retaining them. The white house attaches say that of the articles that have been given the president, desk sets predominate, and one even went so far as to estimate that he had received enough of these to outfit a large office building.

HISTORICAL SOCIETY ELECTS 2 CURATORS

Miss Marguerite B. Hamer
Wins Historical Prize for
Best Essay.

Savannah, Ga., February 12.—(AP) Georgia Historical society at its 19th annual meeting held in Hodgson hall, its home here today, elected two new curators in Dr. H. N. Torrey, of Detroit, Mich., and Ossabaw Island, Ga., and Judge A. B. Lovett, of Savannah, while Leonard L. Mackall, of Savannah, was elected vice president to take the place of Dr. R. P. Brooks, of Athens, who resigned. W. W. Gordon was reelected president.

Miss Marguerite Bartlett Hamer, of the department of history, University of Tennessee, was declared winner of the historical prize among 16 contestants, her subject being "Edmund Gray and His Settlement of New Hanover." Dr. A. B. Moore, dean of the graduate school of the University of Alabama, was the judge. Most of the essays submitted were considered excellent by Dr. Moore.

In the afternoon the membership made a pilgrimage to the Brampton, the old home of Jonathan Bryan and

NEGRO IS KILLED BY J. C. WILLIAMS; TWO OTHERS FLEE

Attacked late Tuesday afternoon at Davis and Mitchell streets by three negroes, J. C. Williams, insurance solicitor and collector, with offices in the Healey building, shot and killed one of his assailants, "Baby" Goolsby, of a Gilmer street address, while the other two fled, according to police reports.

Williams told call officers he was walking along Davis street when he met three negroes, one of whom stopped him and with an oath asked him who he was. Another accused him of being a plainclothes officer, Williams said, and words followed.

When the negroes drew knives Williams fired twice at Goolsby with a small caliber automatic, killing him instantly. A squad of police arrived in answer to a riot call sent to police headquarters. Charge of disorderly conduct was docketed against Williams and he was released on a copy of charges.

to Whitehall, the home of Mr. and Mrs. Lathrop Hopkins, the latter a most beautiful place on the Savannah river.

Atlanta has extended the society an invitation to meet in that city next year.

SUIT DISMISSED, TOTAL OF \$500,000 TO BE REALLOCATED

Members of the finance committee of city council Tuesday prepared to reallocate a number of items contained in the January finance sheet providing apportionment of nearly \$500,000, following dismissal of an injunction in Judge Edgar E. Pomeroy's division of Fulton superior court.

Councilman Wiley L. Moore, chairman of the finance committee, has called a meeting of that body for 3 o'clock Thursday afternoon, February 21.

The injunction was filed by C. M. Tovey and others to prevent appropriation to 21 charitable institutions, purchase of parts and other purposes. Complainants ask dismissal of the suit.

Purchase of the 430-acre Perkerson tract known as the I. N. Ragsdale park was left out of the list of items provided for in the January finance sheet. The committee will consider a proposal by the tenth ward delegation to include \$20,250 in the reallocation as the 1929 payment on the \$400,000 transaction.

Actor and Manager Reunited GAMBLE PLAYED FOR LEWIS HAASE BACK IN 1912 Here After Seventeen Years

BY PAUL STEVENSON.

After an interval of some 17 years, an actor and a manager are holding an enjoyable reunion out at the Erlanger theater this week during the engagement of the excellent Theater Guild company of New York. The actor is Warburton Gamble, one of the stars of the company, and the manager is our own Louis Haase, now directing the activities of the Erlanger theater.

Away back in 1912 before the world war, Manager Haase, then as now, working under the Erlanger banner, went to England and brought back to this country an all-star company to present the great play, "Milestones." Mr. Gamble was a member of that company and during its engagement in New York, met on the road a close friendship developed between him and Manager Haase.

Haase was "Wonderful." "Lewis Haase was my first experience as an American manager," Mr. Gamble said. "He was wonderful to us on that tour, and is one of the few remaining representatives of that old school of managers of the days of Charles Frohman and Klaw and Erlanger. We did not even sign a contract with him, as his word was his bond. It was far different from the conditions that we find today."

Mr. Gamble was born in Ireland, was reared in Dublin and went to school in England. He entered the stock exchange brokerage business as a young man, but failed in this enterprise.

"I went broke and broke nearly everybody that knew me," he said.

Married, Went on Stage.

Mr. Gamble's advent on the stage came indirectly as a result of his marriage. He fell in love with Gillian Scott, one of England's best known actresses, who is carrying on the same kind of work in London that Eva Le Gallienne is doing in New York. After his marriage to Miss Scott the two went to Australia. He played small parts at first and soon attempted more ambitious work.

Returning to England, Mr. Gamble entered the company of Sir Herbert Tree, one of England's greatest actors. After a year Sir Herbert told him he had made a mistake in trying to become an actor, and recommended that he enter some other line of business.

"But I had my turn with Sir Herbert, as I later became his leading man," Mr. Gamble said. "I reminded him of the advice he had given me, but he did not recollect anything about it."

Other Successful Engagements.

Mr. Gamble's success with this company led to successful engagements with Fortes-Robertson, who was playing "Hamlet" at that time, and with Gerald Du Maurier and Charles Frohman. He later came to America and appeared in "Madras House," with Granville Barker, and his work in this play won the attention of the Theater Guild management and led to his engagement with that company.

During the present engagement of the Guild company in Atlanta Mr. Gamble has played the part of Jimmie Caesar in "Molodtsov," and the role of Sir Colenso Ridgeway in "The Doctor's Dilemma." Like other members of the Guild company, however, he has played many different roles with that company. Each member is capable of stepping into almost any part at a moment's notice and playing it perfectly.

Mr. Gamble for a time appeared in motion pictures, playing with such stars as Elsie Ferguson and Pauline Frederick.

**Central of Georgia
Will Operate Free
Chair Cars to Macon**

The Central of Georgia railway announces something new in railway transportation, effective February 13, when trains 9 and 12, running between Atlanta and Macon, will be equipped with free chair coaches. Train number 9 leaves Macon at 10:50 a. m., arriving Atlanta at 1:30 p. m., and train number 12 leaves Atlanta at 3:55 p. m., arriving Macon at 6:50 p. m.

All reduced rate tickets will be honored in these new chair coaches, without any additional cost. The Central of Georgia plans to equip all of its day trains with this class of equipment.

The cars themselves are the very latest in design and afford comforts of regular Pullman parlor cars. With the new reduced rates in effect between Atlanta and Macon, and with the privilege of riding in the free chair coaches, railroad officials are looking for increased patronage.

Capital City Club Valentine Ball Centers Attention of Society

Society will dine and dance this evening at the Capital City club in celebration of the gay and festive Valentine season, the annual ball assembling several hundred of the club's members. Among the larger parties of the evening will be that at which William C. Wardlaw, newly-elected president of the club, and Mrs. Wardlaw will entertain in compliment to the officers and directors of the club and their wives. Always an outstanding occasion of social interest, the affair eclipses all other events of the day in brilliance and gaiety.

The Pi Kappa Alpha of Emory university entertain at a reception at the East Lake Country club this evening, which will assemble a large group of the college set. The midweek dinner-dance at the Atlanta Biltmore is another event of interest which will be largely attended by the younger set of society.

Mrs. Harold A. Gilmore, of Chicago, Ill., the guest of her sister, Mrs. L. H. Beall; Mrs. Howard Arnold, of Columbia, S. C., who is visiting her sister, Mrs. W. H. Brittain; and Mrs. Harry Callaway, who has recently come to the city for residence, form an attractive trio of honor guests at informal parties today.

The dawning of Ash Wednesday and the subsequent period of Lent finds a portion of society preparing to do its 40 days of penitential servitude by going into social exile and turning its thoughts and attention into a more serious vein. Things of a cultural and religious nature will take precedence over those of a frivolous turn, a large group of Atlanta women gathering to hear Mrs. John Morris, who will lecture at the First Presbyterian church this afternoon under the auspices of the fine arts department of the Fifth District of Federated Clubs. Mrs. Morris will lecture on the drama, showing how the early church used the drama in teaching its precepts and tracing its development through the Grecian, Roman and early Christian periods.

St. Philip's Honors Dean de Ovies.

The congregation of St. Philip's cathedral entertained at a reception for the new dean, Raimundo de Ovies, and his family Tuesday evening at 8 o'clock at the home of Bishop and Mrs. H. J. Mikell, 108 East Seventeenth street. The cathedral parish clergyman and the other Episcopal churches and their wives called during the evening.

Miss Thiele Hostess At Bridge-Supper.

Miss Toledo Thiele was hostess at a delightful bridge-supper Tuesday evening in her apartment at the Biltmore hotel, the affair being in compliment to her guest, Mrs. Sadie McGowan, of Fond-du-lac, Wis.

The guests enjoyed bridge after which supper was served on the individual tables. Decorations throughout the rooms carried out the Valentine idea. The honor guest was presented with an imported enameled compact.

Twelve guests were invited to meet Mrs. McGowan.

Comer Howell Weds Mrs. Mildred Johnson.

Washington, D. C., February 12.—(Special).—At Rockbridge, Md., last night, just across the border from the District of Columbia, Mrs. Mildred Asquith Johnson, of Washington, and Comer Howell, of Atlanta, now in the foreign consular service department, were united in marriage.

Mrs. Johnson, a young and attractive widow, is the daughter of Mr. Asquith, a well-known real estate operator here. Mr. Howell has, for the past year and a half, been in the foreign service office here and is subject to assignment at any time to a foreign post. The couple went over to Maryland quietly with a few friends, got married and returned to Washington last night, he being at his desk as usual this morning. They are at the Hotel Roosevelt.

Mrs. Maude Jacobs To Entertain At Luncheon Tuesday

Mrs. Maude K. Jacobs entertains at an elaborate buffet luncheon at 1:30 o'clock Tuesday afternoon, February 19, at her home, 64 Montclair road, Brookwood Hills. Honor guests of the occasion will be Mrs. Ross Hunter, of New York city, the guest of her mother, Mrs. M. E. Farmer, on Muscogee avenue; Mrs. Virginia Wilkins, of Macon, the guest of Mrs. Jacobs; Mrs. Vaughn Blay, who recently moved from Nashville, Tenn., to Atlanta to make her home, and Mrs. James Watkins, Mrs. Jacobs' niece, who recently moved here from Gainesville.

The lovely affair, which will assemble 125 friends of the hostess and honor guests, will be one of the most interesting events of the coming week. Mrs. Marshall will be the guest of Mrs. Jacobs for several days before returning to her home in Macon.

High Museum Offers Choice Exhibits.

The High Museum of Art is filled with choice exhibits for February. Paintings by E. Martin Hennings, celebrated American painter, grace the main gallery, offering a charming display of all composed canvases.

A strong exhibit of architectural renderings from Georgia School of Technology is presented in gallery number three while the children's room contains quaint wooden toys from Italy and three striking cartoons for stained glass windows executed by school children of the Free Saturday morning school.

Rachel Willett English will lecture to the members of the Atlanta Art association at the High Museum Tuesday afternoon at 3 o'clock on the "Romance of Stained Glass." Mrs. English will trace the development of stained glass from the eleventh century to the present day. Her talk will be profusely illustrated with colored slides. This lecture is the third in the series of art appreciation lectures arranged expressly for its members.

Offering a special course in art appreciation for children the Atlanta Art association at the High Museum is doing a noteworthy work. This latest class has been organized to meet every Saturday afternoon at 2 o'clock. Through the cooperation of Miss Howell and Miss Charlotte Smith, of the Atlanta public schools, two children especially interested in the study of art, have been selected from each grade school and representatives to attend this lecture series.

Notebooks are kept and the children are encouraged to illustrate each theme. Mr. Minney presents those art story hours and his talks are profusely illustrated with lantern slides. Fifty-eight children are now enrolled in this art story hour class.

A cold doesn't have to run its course—use VAPEX

HERE is the modern way to keep free from colds and to stop a cold at the start. No dosings—bothersome and often dangerous. No fuss. Just put a drop on a handkerchief and breathe the vapor that is released. Instant relief. Your head clears and congestion is broken up.

Vapex has been tested widely. Discovered during the war while influenza was at its height, these same chemicals kept laboratory workers entirely immune to the disease.

7 KILLED, SCORE HURT IN RAILROAD WRECK

Belgrade, Yugoslavia, February 12. (AP)—Seven persons were killed and a score injured in a collision of Zagreb-Belgrade trains here today. It was feared that many of the injured would die.

BEWARE OF DIETS WITHOUT BULK

Kellogg's ALL-BRAN Will Protect You

People are more careful than ever before about diet. They diet to clear complexions. They avoid certain foods to stay thin. They eat others to get fat. But many are running a serious danger because they are missing the "roughage" or "bulk" foods that every person must have to keep well.

As a result, constipation gets in its deadly work. Headaches, listlessness, circled eyes are only the first symptoms. In the end, constipation ruins health, wrecks beauty and may cause serious disease.

Don't neglect your daily roughage. That is nature's rule. Kellogg's ALL-BRAN will supply it. A healthful cereal to eat each day. To use in cooked dishes or to serve with milk or cream. To mix with other cereals.

ALL-BRAN is guaranteed to relieve constipation—to prevent it. Two tablespoonfuls daily—chronic cases, with every meal. It is 100% bran. Doctors recommend it. Your grocer sells it. Served by hotels, restaurants, dining cars. Made by Kellogg in Battle Creek.

Georgia Mother Has Problem

As a rule, milk is about the best food for children, but there are times when they are much better off without it. It should always be left off when children show by feverish, fretful or cross pells, bad breath, coated tongue, sallow skin, indigestion, biliousness, etc., that their stomach and bowels are out of order.

In cases like this, California Fig Syrup never fails to work wonders, by the quick and gentle way it removes all the souring waste which is causing the trouble, regulates the stomach and bowels and gives these organs tone and strength so they continue to act normally, of their own accord. Children love its rich, fruity flavor and it's purely vegetable and harmless, even for babies.

Millions of mothers have proved its merit and reliability in over 50 years of steadily increasing use. A Georgia mother, Mrs. P. P. Wood, R. F. D. No. 5, Center Hill, Atlanta, says: "My little girl, Margaret's tendency to constipation was a problem to me until I began giving her California Fig Syrup. It helped her right away and soon her stomach and bowels were acting perfectly. Since then, I've never had to have any advice about her bowels. I have also used California Fig Syrup with my other children, with equal success. To be sure of getting the genuine, which physicians endorse, always ask for California Fig Syrup by the full name.—(adv.)"

BURGESS CHILDREN'S STORIES

THE PERFECT HOME.

BY THORNTON W. BURGESS.

The talker knows not to cease; The wise knows when to hold his peace.

—Danny Meadow Mouse.

Danny Meadow Mouse knew just where he was going. Nanny did not. But she didn't care. Anywhere was good enough so long as it was far enough away from their old home.

That was all she asked—to get far enough away from that old home. It wasn't as hard digging as you might think it would have been. You see, down there close to the ground among the stems of the grasses, the snow was not packed. So Danny traveled along at a pretty good rate. When he got tired of digging he turned to Nanny. "Now you dig a while," said he.

"But how shall I know in which direction to go?" asked Nanny. "Danny chuckled. 'Have you found out yet that we are following one of my little paths?' he demanded. 'If we were not we should have to stop to cut away a lot of grass as well as to dig away the snow. This is a little path I made long before the snow came.'"

"But where is it leading us to?" demanded Nanny. "You'll find out soon enough," replied Danny. "It's a place you know all about."

Now, mice are hungry folk. I don't know of any folk who eat more for their size than do mice. So Danny and Nanny stopped often to nibble the grass. You see, it really didn't matter to them how long it took them to get where they were going. There was plenty of grass everywhere, for they were on the Green Meadows. That meant there was always something to eat. It also meant that at any time they could cut a little grass and make a bed and curl up. It was very warm and comfortable down there under the snow. They made themselves a bed and took a good, long rest.

So it was that at last they reached the place that Danny was heading for. When they got there Nanny recognized it at once. "Why," she exclaimed, "this is the big haystack!" Danny chuckled. "Of course," said he. "Can you think of any better place? We can dig our way away under this big stack of hay and it will be as warm and comfortable as if it were summertime. There isn't but one enemy who can get at us here and he could get at us anywhere."

"You mean Shadow the Wren?" said Nanny, in a voice that trembled a little. "Of course," replied Danny. "But we won't think about him. Now we'll go to work and make a new home."

This suited Nanny and she wasted

"We will stay here all the rest of the winter," declared Nanny happily.

There was plenty to eat. There was not only the hay itself, but there were grass seeds of several kinds. No mouse could possibly go hungry in such a place. Above all was the perfect safety of it. Reddy Fox or Old Man Coyote might dig down to the edge of the big haystack, but they couldn't possibly dig under it fast enough to catch a mouse. I was a perfect home.

"We will stay here all the rest of the winter," declared Nanny happily. "We will have our next family of children right here. I don't know why we didn't come over here the first of the winter. Now I'm glad that you did insist on taking such risks over where we did live. If you hadn't done it we should still be there. That was a good home, but this is better."

Danny chuckled, but he didn't say a word.

The next story: "Danny's Feelings Are Hurt."

Perkins-Black Wedding Is Fashionable Church Event

Miss Beulah Charlotte Perkins, beautiful young daughter of Mrs. William Carl Perkins, became the bride of David Gould Black at a fashionable ceremony solemnized at 11:30 o'clock Tuesday morning at the Ponce de Leon Baptist church, their marriage uniting two of Atlanta's best known families. The Rev. Dr. L. R. Christie read the marriage service in the presence of a representative gathering of southern society, including relatives and friends of the bride and groom.

The handsome church was effectively adorned for the occasion with palms, ferns and luxuriant garlands of smilax interspersed with tall pedestal baskets filled with fragrant Easter lilies. Banking the pulpit and adorning the altar were feathery ferns and red palms and forming a graceful semicircle at the back were handsome seven-branched candelabra holding slender white tapers. Tall clusters of fragrant Easter lilies, tied with gleaming white satin ribbons, were caught to the pews, outlining the center aisle.

A program of appropriate musical selections was rendered by Mr. Deidman, organist of the church. The wedding party entered the church advancing down the central aisle and led by the ushers, including Eugene Black, Jr., Grady Black, Henry Grady, Jr., Charles Harmon and Charles Nunnally.

Mrs. Ernest McCullough was the bride's only attendant and acted as matron of honor. She wore a charming frock of Chateaufort crepe, which featured the new long wrap tunic, over an accordion-pleated skirt. A smart detail of the long blouse was a full scarf beginning at the left side of the neckline, terminating at the back and held in place by a smart untrimmed felt hat of the same shade and carried

an arm bouquet of Pernet roses, showered with lavender sweet peas.

Beautiful Bride.

The lovely young bride entered the church with her brother, Carson Madison Sewell, who gave her in marriage. They were met at the altar by the groom and his best man, Charles H. Black, Jr. Noted for her individual style and the unusual chic of her costumes, the bride's blonde beauty was revealed in charming contrast to the Parisian severity of her ensemble fashioned of crepe. Davette in the shade of blue called moderne. A becoming three-quarter length coat fell free from the shoulders over a long blouse of egg-shell satin-back crepe, the coat being lined with the same material. The crepe skirt was pleated in front, and concealing the smart costume was an imported French felt hat in the same shade of blue, the bride's slippers and other accessories repeating the blue tones. She carried a graceful arm bouquet of gardenias tied with white satin ribbons.

Wedding Breakfast.

Immediately following the ceremony, the guests were entertained at a wedding breakfast by Mr. and Mrs. Charles Black, Sr., at their home on North Side drive.

Exquisite decorations were used throughout the home, quantities of fragrant spring flowers in the soft pastel shades being artistically arranged in attractive abundance. Adorning the center of the handsome lay-appointed table in the dining room was a large silver basket filled with roses, narcissi, freesias, sweet peas and snapdragons and placed at graceful intervals were silver candelsticks holding slender tapers of honeydew shade. A lovely real lace cover overlaid the table and a real lace cover also adorned the table in the sun room where the table appointments were like those in the dining room.

Coffee was poured by Miss Genie Davis, charming daughter of the hosts, and assisting in entertaining were Mrs. Eugene Black, Mrs. Henry Grady, Mrs. Frank Boland and Mrs. W. C. Perkins.

Handsome Costumes.

Mrs. William Carl Perkins, mother of the bride, was beautifully gowned in violet crepe with which she wore a hat to match and her corsage was of Parma violets and valley lilies. Mrs. Charles H. Black, Sr., wore a gown of Chateaufort green felt crepe with hat to match and her corsage was of orchids.

Three lovely sisters of the bride were present.

Mrs. C. M. Sewell was becomingly gowned in black satin crepe with hat to match and her corsage was of gardenias. Mrs. E. P. Thornton wore channel blue crepe with a hat in matching shade and a corsage of orchids. Mrs. R. H. White was a beautiful figure in black satin crepe with hat to match and her corsage was of gardenias.

Miss Genie Davis was charmingly gowned in beige lace with brown hat

to match and her corsage was of roses and valley lilies.

Mrs. T. H. Slapper, an aunt of the bride, wore a costume of black crepe and a shoulder bouquet of Parma violets.

After the breakfast which assembled 250 members of fashionable Atlanta society, Mr. Black and his bride left for a honeymoon journey to Miami and Cuba, and upon their return they will make their home in the Pallas apartments.

Hadassah To Give Tea Thursday For National Officer

The Atlanta chapter of Hadassah extends a cordial invitation to the women's organizations of the city to attend a tea to be given at 3 o'clock Thursday, February 14, at the Georgian Terrace hotel. This tea will be given in honor of Mrs. David de Sola Pool, head of the Spanish-Portuguese synagogue of New York, and one of the most eminent rabbis in this country. Mrs. Pool is national vice president of Hadassah and until last year was chairman of the speakers' bureau, during which time she addressed many audiences in various parts of the country.

A native of Palestine and an active worker in Zionist affairs in America for many years, Mrs. Pool brings with her a rare knowledge of Palestinian life and American aims and accomplishments in Palestine. She was born in Jerusalem and spent her childhood there, learning the native languages and gaining life experiences. When she came to this country with her family, Mrs. Pool, then Tamara Hirschenson, attended the schools here and was granted a scholarship that entitled her to study at the University of Paris. She later taught French, Latin and Greek at Hunter college until the time of her marriage to Dr. David de Sola Pool.

The Atlanta chapter is a very active part of this national organization, devoting itself to the raising of funds for the upkeep of nurses' training schools, milk stations for the needy, school luncheon funds for those unable to buy adequate and sustaining foods, etc., in Palestine; all of which work is strictly non-sectarian. From a handful of women Hadassah has grown to a powerful and wielding force in the affairs of the Holy Land.

Tech High and G. M. A. Meet Monday for City Prep Title

Smithies Beat U.S.B., 37-30, In Rough Game

Purple Quintet Bows to Cadets in Semi-Finals by 35-27 Score.

BY D. A. HALLMAN.

Georgia Military academy and Tech High will play for the city prep basketball championship next Monday.

G. M. A. scored an impressive victory over Boys' High yesterday afternoon, 35 to 27, in the semi-finals and the Smithies outscored University School for Boys, 37 to 30, in the lower bracket. Both games were played at the Atlanta Athletic club, as will the final game Monday.

Flashing a greatly improved offense and a close defense, G. M. A. had little difficulty in subduing the Purple. The Smithies led all the way in their game but slugging and illegal tactics by both teams interrupted what otherwise would have been a fast and furious fought battle.

Boys' High was one of four teams seeded in the draw of the G. M. A. tournament to be held here March 12, 14, 15 and 16 under the auspices of The Constitution. The College Park team by its victory yesterday becomes a favorite to win the semi-finals in the upper bracket.

Cadets Take Lead.

The Cadets tended strictly to business in the first quarter of their tilt and led, 10 to 7, at the end of the first period. Shapard, Cadet guard, went out on fouls within four minutes of action. The second quarter saw Clark get his eye on the basket and G. M. A. led at the half, 20 to 12, despite fast floor covering by Bryan Grant, who had been shifted from guard to forward for Boys' High.

G. M. A. added two more points to its margin in the third quarter and led at the intermission, 26 to 16. Hackney and Clark were ejected from the Cadet lineup for personal fouls. The final period saw Boys' High strive desperately to overcome the College Park lead but Wynne, Purple guard, was sent to the bench for "unsportsmanlike conduct" and Pittman rung three goals for the Purple in the final minutes.

Fast playing caused many fouls, both teams being about equally guilty, though G. M. A. was unfortunate enough to be caught 18 times while the Purple was called but 10.

In the aftermath the Smithies stepped away to a 12-to-5 lead at the quarter and made it 23 to 10 at the half. Early fouls led to bickering among the players and only close calling by Referee Rogers and Umpire Glassman prevented the affair from turning into a free for all. Buster Mott snared four field shots in the first half.

More Rough Playing.

Rough playing increased in the third period as the Smithies made the score 33 to 18. The final quarter saw Buster Mott sent to the sidelines for slugging Kendrick on his fourth foul. Payne had preceded Mott a few minutes earlier on four personals. Nineteen of University's stars, also sent to the bench. As the game neared an end U. S. B. cut the 15-point margin to 33 to 12 and then 11 points, only to see it go back to 33 against the Purple score 37 to 24 and one minute to play.

Green's goal, Ellington's free toss and field goal and the Smithie margin to five points as the whistle blew.

The game next Monday for the city title will bring together two strong teams. The Smithies will be favored to retain the championship from G. M. A. in the tournament last year. This favoritism will be based on two previous victories by the Tolbert squad.

Composite Scoring Table

Below is shown a composite scoring table on the four teams in the semi-finals of the city prep basketball tournament held yesterday afternoon at the Atlanta Athletic club. The table shows the player, position, games played in, goals, foul shots made, total points, personal fouls and number of times ejected from games on fouls. The data is compiled from summaries on all games played by each team in the semi-finals.

Jim Crowley Quits As Mehre's Assistant

Athens, Ga., February 12.—(AP)—Jimmy Crowley, for several years backfield football coach at the University of Georgia and formerly a member of Notre Dame's four horsemen combination, today tendered his resignation to athletic officials here.

Crowley said he was considering a head coach position at another institution. No further comment was forthcoming either from Crowley or from the faculty chairman of athletics at the institution.

The resignation comes as no surprise, as it has been reported several times since the end of the 1928 season that Crowley would probably accept a head coaching job at some other institution. Frank Thomas, University of Chattanooga coach and former Notre Dame star, has been prominently mentioned for the place and was reported recently from Chattanooga as already having been signed. That was denied, however, at the time. Thomas had been going to Chattanooga as assistant coach at Georgia.

over the Cadets. But those victories were over a considerably weaker team than defeated Boys' yesterday.

G. M. A. has been slow rounding into shape but seems to have finally hit its stride. The Cadets will be hard to stop and probably will win, especially if the Smithies attempt rough tactics instead of straight basketball. The Cadets are large and husky, just as large and husky as the Smithies, and a rough contest will probably see Tech High come off second best in both score and fouls.

Teams Compared.

Mott and Chandler are better than anyone G. M. A. can put on the floor, but the Cadets have five players, all of whom are better than anyone else on the Tech High team. English, Smithie center, is fast and an accurate goal taker, but Hackney, Cadet center, is the best in the city. Pund at guard for the Cadets is a far better stationary guard than Hammond and just a shade weaker than Chandler, who combines an accurate eye for the basket with excellent floor work. Mott shoots long shots and makes them, so does Pittman, Cadet forward, who yesterday chalked up 13 points against Boys' High. Mott is not as good a floor man as Pittman, who is far superior to Payne, the other Smithie player.

The game Monday will be a brilliantly played battle, with Tech High

John Van Ryn Beats Tilden In Three Sets

Former World's Champion Is No Match for Younger Tennis Star.

New York, February 12.—(AP)—John Van Ryn, of Orange, N. J., made himself the sensation of the new tennis season today by defeating Bill Tilden in three straight sets in the final of the Heights Casino indoor invitation tournament. The scores were 6-1, 6-4, 6-2.

As the former Princeton captain yesterday eliminated Francis T. Hunter in the semi-finals, he now has accomplished the remarkable feat of conquering the country's second and first ranking players on successive days. Van Ryn himself is ranked as No. 6.

For this young athlete, just returned from two months of play in southern California, Tilden proved considerably easier than Hunter, who was beaten in two sets out of three in an uphill battle.

Wins Doubles Also.

Van Ryn, with his partner, J. Gilbert Hall, of Orange, recent winner of the Canadian championship, added more to his credit today by winning the afternoon by winning the doubles final from Tilden and Hunter in a hard-fought match. The scores were 6-2, 9-7, 4-6, 7-5.

Playing almost exclusively a back court game, Tilden found himself on the run at the very outset before a hard-hitting all-court attack of bewildering versatility. While his own shots occasionally spluttered and flashed in the pan for disconcerting nets and outs, to Tilden's audible consternation, those of his young opponent were exploding with cannonading effect from baseline to net and back again.

In the second set Big Bill was able for a time to stem the tide, but even then Van Ryn finally tore through him at 3 all. Only at times was the famous Tilden cannonball serve effective and when the first ball failed of its mark, the rangy and agile John was well able to handle the second. In one brilliant flash in the first game of the second set, however, Tilden electrified the gallery of about 300 with a rare feat of serving genius. After giving Van Ryn two points by nets, he ran out the game by serving all the aces in the pack, four straight, three of which were on the first ball.

G. M. A. To Battle Marion 'V' Tonight

Marion, Ala., February 12.—(Special)—Having won this week under their belt, the Marion institute basketball team will face the Southern Military Academy eagles tonight on the local court.

This is the second game of a week of hard opposition on schedule for the local quintet. Friday night the Marion five will entertain the Harrison-Stone-Jackson college hoopers in the first of a two-game series. The other game will be played here on Saturday night.

The Harrison-Stone boys will bring a strong team here for the two games, according to reports. The cadets have been pointing to the Mississippi five which they met for the invasion. The return of Sherman, star of last year's team, has added much strength to the cadet lineup and the locals will be a hard bunch to hold.

Wake Forest Asks Rival's Pardon

Wake Forest, N. C., February 12.—(AP)—Stating that the Wake Forest college basketball team has humiliated the college by action of two members of the squad in "menacing" the referee at the game with the University of Richmond February 5, President Francis P. Gaines, has written a letter to officials of Richmond, expressing "our sense of humiliation and of deep regret."

The executive committee of the faculty of Wake Forest college has suspended two members of the squad for the season.

The suspended players are Ray Carter, of Asheville, and M. G. Quillen, of Texarkana, Texas.

ROBY ASSURES FANS A NIGHT OF MUCH ACTION

Despite the fact that he is charging the smallest admission prices ever asked for a prize fight in Atlanta, Promoter S. C. Roby is going to insist on the scrappers on his Friday night card giving the fans plenty of action.

That was the word yesterday from the promoter, who styles himself the "daddy of better fights at lower prices." Roby for his Friday night attraction is offering three six-round matches involving heavyweights and two ten-round bouts, which are expected to result in snappy boxing contests.

In one of the ten-rounders Cowboy Kid and Tiger Taylor will battle for the negro featherweight championship of the south. That title does not mean much to the average fan, but Roby is confident that it will fire the efforts of the two rivals, particularly as he is offering a belt to the winner.

In the other ten-rounder it will be Cecil Flowers versus Roy Dunn. They represent about the best negro boxing talent in this section and are certain to provoke plenty of excitement for the cash customers.

Beard, Obie and K. O. Cornell, 255-pound sluggers, will mix in one of the six-round bouts, while the Atlanta negro who is in steady demand, will meet Hilton Wright in one of the other six-rounders. Speedy Freeman and Alton Heard are booked for a short scrap.

Matsuyama Loses To Jake Schaefer

New York, February 12.—(United Press)—Kinrey Matsuyama, a tiny Japanese who for a time threatened to win the world's 182 lb. bantam championship, was eliminated from the running today when he was defeated by Jake Schaefer, of Chicago, 400 to 331, in 17 1-2 innings.

It was the second straight defeat suffered by Matsuyama. Welker Cochran, of California, having administered the first defeat to the little Nipponese last night.

Schaefer's victory placed him in a tie for first place with Cochran and upon their meeting Wednesday night depends the outcome of the championship tournament. Schaefer and Cochran each have won three games and lost one.

Weber Wins Tournament

St. Augustine, Fla., February 12.—(AP)—Harold Weber, Toledo, Ohio, won the medal today in the St. Valentine golf tournament for the W. R. Kean cup with a brilliant 38-37-75 to lead a good field of 32 entries, by the margin of six strokes.

Georgia Trips Vols, 45 to 21, In Athens Tilt

First Half Ends 11 to 7 in Favor of Bulldogs; Second Period Is Slaughter.

BY BOB SHERROD.

Athens, Ga., February 12.—(Special)—After playing a mediocre brand of basketball in the first half, the Georgia Bulldogs marched on to their eleven conference victory tonight as Tennessee took the count, 45 to 21. Close guarding and poor shooting held the score down to 11 to 7, with the Bulldogs on top, in the initial period. Led by Henry Palmer's spectacular shooting, however, the Georgians got under way in the last half. Palmer alone scored 16 points in this last half while Faust and Sharp each had three more pointers to end the period, 11 to 7.

The Red and Black quint took things in hand at the opening of the last period and ran the score up to 19-7 before Dodd finally shot one for the visitors. There was never any doubt of the result after the opening of the last half, the Bulldog offense and defense functioning in fine form all the while.

Tennessee substituted frequently in an effort to stem the tide of Bulldog baskets but to no avail.

Harris and Palmer alternated in razing them up for some ten minutes while the latter dropped in five field goals in the short space of two minutes. The Georgians marked up 15 points in one period while the Vols went without markers, the score running from 26-15 to 41-15. Tennessee scored two baskets in the closing minutes of play after Coach Stegeman had sent in subs.

The Tennesseans could not boast a scoring ace, their points being almost equally divided between regulars and subs. Captain Dodd's floor game cupped all other Vol endeavors, while Sharp rang up three baskets to be high point man for his team. Anderson and Palmer were easily the Georgia stars while Captain Harris played the floor like a well-oiled machine.

Georgia plays Clemson in Clemson Thursday night and becomes host to the Atlanta Athletic club Saturday evening.

Tim O'Dowd Turns Ring Manager

Tim O'Dowd, who used to bowl 'em over with certain regularity for the edification of boxing fans around these parts has stepped into a new field. To be more exact, Tiny Tim is stepping into another branch of the same field.

Tim has become a manager. He has bought the contracts of Young Jack Dempsey and Sid Lucus from Eddie Hanlon who is now devoting all his spare time to promoting. If Tim can teach these boys just a part of what he knows about the art of fistfists they will go a long way very shortly.

JACKET FROSH AND RIVERSIDE BATTLE TODAY

Bill Fincher's Junior Jacket basketball club spent yesterday afternoon in going through its final pre-game practice for the revenge which it hopes to exact from Riverside's Cadets at Gainesville this afternoon.

The youngsters were sent through their usual stiff workout, meeting the varsity in a long practice session Tuesday. They are improving with each game, and if her squad has been good all season, with one notable and disastrous exception. This came in the previous game with the Cadets, which was played on the Tech court, and which saw the young Techsters go down to an ignominious defeat.

This afternoon, meeting the strong Cadet quintet on its home floor, the Jackets will have to be at their peak if they hope to get some modicum of vengeance. The lads from Gainesville have run wild through all the opposition on their schedule, and do not plan to be stopped by the Tech freshmen with any ease.

The improvement seen in the last five in their last few games is such as to indicate that they will put up an awful battle in this return game, and they may have enough to thoroughly cow the Cadets and even the score.

Fincher will entrain at 1 o'clock this afternoon, and will take, besides himself and Student Manager McDonald, a squad of nine players, including Raines, Perkins, English, Dawson, Duke, Mathis, Waldrop, Griffith and Frierson.

'Y' Wrestlers Prepare for Meet

With a victory over the Knoxville Y. M. C. A. wrestlers, members of the Atlanta "Y" team have started a long training grind for the return meet to be held here February 22.

The local "Y" grapplers will work hard in order to be in ship-shape for the return engagement and possibly a second victory over the invaders. After the return grapple with Knoxville, the local association will promote a wrestling tournament, for the benefit of the members, to decide the champions of each weight. These are to represent the Atlanta "Y" in all future matches.

Where shall we eat? The new Blue Boar Cafeteria is now open, Palmer Building, Marietta and Forsyth streets, opposite the City Hall. (adv.)

Boston Braves To Be Charged In Fraud Count

Boston District Attorney Says Club Violated Law by \$30,000 "Gift."

Boston, February 12.—(United Press)—A complaint against the Boston Braves and the Outdoor Recreation league officials, charging violation of the corrupt practices act, will be made in municipal court tomorrow by Attorney General Joseph E. Warner.

Announcement to this effect was made by the attorney general late today in making public its findings in its investigation of charges that the Boston Braves had violated the corrupt practices act by donating \$30,000 to the league's campaign for Sunday sports.

Evidence of violations of the corrupt practices act had been unearthed, the attorney general said.

"Violations of the corrupt practices act, as disclosed by my investigation, if proved, are misdemeanors and not felonies with which our grand juries are more primarily and properly concerned," the report said.

"The usual practice in misdemeanor cases in Suffolk county is to bring complaint in the municipal court. I intend to follow the usual procedure."

The demand for an investigation of the Outdoor Recreation league grew out of the recent Boston finance committee's hearing on the charge of Braves' officials that bribes had been demanded of them by a Boston councilman.

During the hearing suspicion was aroused that the recreation league had a close connection with the Boston Braves. It was found that the contributors to the league's funds were officials or friends of officials of the Braves.

"The investigation shows expenditures of about \$30,000," the attorney general's report said, "which were made in behalf of this legislation. The expenditures were made by the Boston National league baseball company by their own checks."

Strib Fishes; Sharkey Goes Through Drill

Georgian Will Return Today and Resume Training for Miami Bout.

Miami Beach, Fla., February 12.—(AP)—While Young Stribling angled for the fanny tribes in Everglades waters today, Jack Sharkey figuratively took the bait by the horns and enjoyed a strenuous training tussle.

Avoiding a threatened rain squall, the Boston sailor began his work-out an hour ahead of schedule in preparation for his contest with Stribling in Flamingo Park arena on the night of February 27. He sparred one round each with Paul Hoffman, Pat McCarthy and John Grosso.

The former goaded to his activity a round of jabbing at the light bag, skipped the rope a round, shadow-boxed another and then slapped the heavy bag for a period. The day's work was tapered off with a set of body exercises.

Strib Starts Today.

Tomorrow, the Georgian will return from the Everglades and set about to business in shaping himself for the fray. He has been taking a daily run of two to three miles but will go after his sparring partners hereafter.

Leaving here tonight for New York, after a month in southern waters aboard his yacht "Arcadia," Richard A. Hoyt, chairman of the board of directors of Madison Square Garden, said he wished to deny published reports that the Garden was to change hands.

"That would be impossible for a year and a half," said Mr. Hoyt, "according to the terms of the voting trust under which the stock originally was purchased. The majority of it is in hands favorable to the present control."

Mr. Hoyt declared "that everything has been in perfect harmony at the Garden since before Tex Rickard's death."

Dissension Denied.

"There has been no dissension," he declared regarding the presidency of the corporation which Rickard's death left vacant. Mr. Hoyt asserted that he did not believe it would be necessary to go outside of the corporation. He indicated that a president would be selected within two or three months and that he would not be interested in the post himself.

The names of William Carey, vice president and treasurer, now in Miami Beach, and John Hammond, another vice president, now in New York, were discussed as probable presidents.

The Madison Square Garden corporation is financial backer of the Stribling-Sharkey fight, which is under the auspices of the American Legion here.

Cadets vs. Smithies.

ONE NEED NOT BE ENDOWED with the wisdom of a Solomon or the foresight of an Elijah to see at least two Atlanta prep teams playing an important part in the G. I. A. A. basketball tournament to be staged in Atlanta next month by The Constitution.

The city prep tournament, which is one of the preliminaries to the big state embroglio next month, has left two teams head and shoulders above the rest of the Atlanta field. The Smithies of Tech High and the Cadets of Georgia Military academy will meet in the finals Monday and picking a winner may be done by flipping a coin, then guessing if the coin is right.

BOTH OF THESE TEAMS are playing basketball that would be a credit to colleges and the G. M. A. outfit, particularly, is showing marked improvement with every game. By the time the G. I. A. A. tourney hits the boards there will be a healthy scrap in the offing.

While on the subject of scraps it might be well to put in a word regarding the playing of basketball and football. Each game has its merits but the two just can not and will not be poured together in the same pot. Too many times basketball players lose effectiveness by playing football on the basketball floor.

THIS DOES NOT APPLY particularly to any one team. Just for example, Tuesday afternoon Tech High beat the Bluebirds by seven points and the game was too much like a football game on both sides. There are two kinds of fight. One kind is entirely acceptable and necessary on the basketball court and the other type should be confined to the squared circle.

If slugging and deliberate fouling gained anything there might be some condemnation to offer but the sad part is that fouling always injures the attacker more than it does the victim. Any man who is driven from the floor because of four personal fouls is just as guilty as the man who loses 15 yards for his football team for clipping from behind or some other serious misdemeanor.

THEREIN LIES A LESSON if one chooses to delve for morals at this time. Basketball teaches the same lesson as all other sports. There is no reason to consider the matter on any other basis than just plain policy. The team that doesn't play the game according to rule is masticating its own nose to play a joke on its face.

Undoubtedly and certainly the play of both Tech High and U. S. B. would have been far more effective Tuesday if there had not been 29 personal fouls called on the two teams. By the same token, the Smithies might have been playing a lot of basketball while they were committing 78 personal fouls in the last six games.

Crowley Leaves Georgia.

JIM CROWLEY, another one of Rockne's famous horsemen, is going to leave the University of Georgia for pastures new. Whoever gets the services of Jimmy Crowley will get something. That goes as it stands. Around these parts he has made a name for himself as a good coach and a good scout.

With Jimmy Crowley in the gang there is never a dull moment. He is not only a great football player but is a natural wit. While recalls a story told of him when he was at Notre Dame. According to the story James Crowley was discovered in the city of South Bend by one of the school fathers at a time when James Crowley was supposed to be on the campus. The irate father declared that he would give James "just two minutes" to get back on the campus where he belonged at that hour.

JAMES CONSIDERED THE FACT for a moment that the campus was about three miles distant and after wetting his finger and holding it up to test the wind he replied with all seriousness, "Sorry, father, but even the great Crowley can't make it in two minutes against the wind."

Whatever truth there may be in that tale it is certainly true that the personality and ability of Jimmy Crowley will be sadly missed if he leaves this section.

Petrels Play J. P. C. Team Again Thursday

Oglethorpe Seeks To Finish Season With Victories Over Several Foes Yet on Schedule.

BY CY BELL.

Giving the J. P. C. a licking twice in succession, in its own backyard is no easy task, but this is what the Oglethorpe basketball team will try to do Thursday night on the J. P. C. court.

The first battle was a nip and tuck, affair and the outcome doubtful, until the final whistle, Oglethorpe winning 28-25. The J. P. C. team has been very successful thus far, losing only three games. A. A. C., after a hard-fought game, gave the Pryor street boys two defeats early in the season. And then came Oglethorpe, with its well-earned victory. The Thursday game is set for 8 p. m.

Oglethorpe's basket season has been more of less a failure, the Petrels having been defeated twice by their ancient rival, the Mercer Bears, Mercer thereby winning the right to represent Georgia in the S. I. A. A. tournament, which is to be held in Jacksonville, Miss., the last week of February. The Petrels have also met defeat by A. A. C. and the University of Chattanooga, but revenge can be obtained, as they meet each of the two

Dempsey Firpo Fight Thrills Tex Rickard

Many Swift Knockdowns Daze Promoter; Jack Survives and Saves Title.

This is the only autobiography of Tex Rickard. It was prepared exclusively for The Atlanta Constitution and The Atlanta Journal. It is the thirty-second installment of the autobiography, which is appearing in daily chapters.

BY TEX RICKARD. (In Collaboration With Bozeman Bulger.)

Written Exclusively for The Atlanta Constitution and The Atlanta Journal. Copyright, 1929, by The North American Newspaper Alliance.

The greatest thrill I have had in my life was that round at the New York Polo Grounds fight when knockdowns between Dempsey and Firpo were so frequent that nobody was able to count them.

And the greatest thrill of all was when the big, hairy-chested South American actually knocked the American champion out of the ring, clear of the ropes and into the laps of newspapermen who were trying to describe over the wires what was going on.

This thrill was even greater than the sight of satisfaction when Dempsey finally floored the Argentine giant and saved the championship.

When the knockout came the intensity of the excitement had slightly subsided. To this day I doubt if anybody knows just how many knockdowns were scored. For the newspapermen—even the coolest and most expert—to give a clear account of that battle as it progressed was almost impossible.

Greatest Thrill of Life.

Never yet have I found a boxing enthusiast who did not say that was the greatest thrill of his life as a fight fan.

The whole thing burst on the fans before they were prepared for it. Instead of trying to catch the two men proceeding cautiously, these two men swung into each other like cave men swinging stone axes. There was no time for the crowd to get their bearings. I had expected Firpo to put up a better fight than that. He was a skilled fighter, but he was not a fighter. I had expected him to put up a better fight than that. He was a skilled fighter, but he was not a fighter.

Walker Must Defend Title, Mogul Declares

Chicago, February 12.—(AP)—Paul Frenn, chairman of the Illinois boxing commission, today declared that Mickey Walker, middleweight, will not be permitted to fight Tommy Loughran here until he has first fought a local contender in a main event of his own division.

argument will continue whether Walker got back into the ring himself or whether he was assisted by newspapermen into whose laps he had fallen. The Firpo admission was made because he didn't get back into the ring without assistance. I give it up. I don't know. What's more, I don't think anybody knows. I do know that Dempsey scrambled back and immediately started socking again. Dempsey himself has no clear idea how he got back. To him the rest of the fight was a blur, perhaps even the victory.

I have not Dempsey's word for it—that he came in the ring to fight the fight until told about it in the dressing room—but I understand that a newspaperman was present when one of Dempsey's seconds remarked, putting the champion on the back: "Boy, that was a fight!"

Who Won, Says Champ.

The dazed champion is said to have asked his second: "Who won?"

According to the story, Dempsey had a kind of half-conscious feeling that the championship was slipping away, as he took that header out of the ring. It is said that he fought instinctively, and that he was still uncertain about things when it was all over.

As to the story, I regard as the best evidence in the world that Jack Dempsey was the greatest fighting man of his size history has ever known. Not only is he a clever fighter, but he is an instinctive fighter. Even with his mind in a blur he goes right on through the mechanical motions. He is a fighter at heart. Dempsey knows no such thing as being licked as long as he can move his arms and legs.

Yes, the thrill of the Firpo-Dempsey fight will last me as long as I live. I never expect to see anything again like that scene at the Polo Grounds that summer's night.

Next: Why Rickard opposed a Dempsey-Willis fight. The first Dempsey-Tunney meeting.

Tech Baseball Squad Starts 1929 Practice

Clay Warns Players Not to Make Arms Sore by Too Much Early Work.

Tuesday's practice, the first of the season, found a large squad out for baseball at Miami Beach with Kid Clay looking them over in an effort to decide just who needed what.

Kid's first words to the boys were to break their arms before they had a chance to show their real worth. Kid started right in to jump on these offenders, promising a complete layoff unless the boys could learn to let baseballs alone so far as trying to throw the rock with midseason form and speed was concerned.

Clay's handling both the varsity and the freshman squads until Munderoff's duties on the basketball court are finished, which will be at the conclusion of the conference tournament March 5. After this date, Munderoff will take the rats under his protective wing and lead them down to the lower field for personal instruction in the art of the diamond sport, leaving Clay all alone with the problem of molding a championship nine out of the material on hand.

Kid has not shown any signs of excessive worry as yet over the dilapidated condition of his pitching staff, and he is the man to do whatever he wants and thinking is to be done. With his face still wreathed in what passes for smiles with the "Little Nipper," one cannot help wondering whether the situation is as bad as it looks. Dick Florid is not back at the Flats, and Jordan is still the only regular left from last year's team, so it looks like anything but a pleasant fix. However, as has been said, Clay is the man responsible, and if his view of the situation is as gloomy as all that, the season, as it progresses, will bring out the hidden aspects of the problem, and they will probably prove that Kid is right.

The Four Horsemen.

The Four Horsemen of Notre Dame, with their speed and grace, brought romance to the gridiron. They were Buckeye Bell, "but there is more romance to the career of Don Miller than almost any player to star on the gridiron in many years."

Don and his brother, Gerry, last of the five Miller brothers, entered Notre Dame together. At that time Gerry, weighing 135, was much preferred to Don, who weighed 145. Don did not even get a complete uniform when he reported to the freshmen and was on the eighth team.

One day the yearlings were scrimmaging the varsity and Gerry Miller was doing good work for the freshmen. After one particularly good run, "Hunk" Anderson, head freshman coach, shouted to Gagen, his assistant: "Who was that?" Gagen replied: "Miller."

"Don, sitting on the bench, thought he was being called and ran out onto the field. For some reason he was allowed to remain and sent to a half-back's position. On the next play he stepped ten yards, then made a beautiful block for his brother on an end run. Don then ran 10 yards off tackle and then 30 for a touchdown."

Over came Knute Rockne, bounding and bubbling. "Who is that guy?" he demanded of Anderson.

"Just a Miller. We've been saving him for a surprise," replied the startled Anderson, winking at Gagen. So Don made the freshmen varsity.

In the spring, Rockne put Miller on the track and soon he was running the century in 10 flat. Only Leyden, of the Horsemen, was faster. Came the fall and Don was a sub on the varsity. But in the Lombard game Gerry Miller was injured and Don took his place along with Stuhldreher, Crowley and Castner. Then Castner was hurt and Leyden broke into the game—the Four Horsemen were together and football history was in the making.

Miller's greatest feat as one of the Horsemen came in the Princeton game of 1924. "Sleepy" Crowley fumbled going over the Tiger goal line. A Princeton man recovered the ball and set sail for the Notre Dame goal. Five men swung into an interference for the runner. Miller came out of

Ring Speed.

Both Sharkey and Stribling have their share of ring speed, speed of hand and speed of foot, yet neither will be the fastest boxer that ever fought in Florida. His name is still James J. Corbett. An oldtime cameraman of the Clouting Exchange, now in Florida, rates the Corbett who fought Mitchell as the speed peak of all the heavyweights. "He was much faster against Mitchell, at Jacksonville, than he was against John L. at New Orleans," says the oldtimer. "Mitchell was faster—far faster than Sullivan ever was in his younger years—but Corbett caught him and bewildered him for a few seconds. Jim was like a streak at that time, just 28 years old, and he made the quick-footed Englishman look slow. Corbett used his speed for attack in that fight, not for defense. If Sharkey and Stribling use their speed in the same fashion, the crowd at Miami Beach will see all the action any one wants. If they use it mainly in defense or break it up with clinching, that will be another story. Neither is a Corbett, but they are two fast heavyweights, the two fastest now in the game when it comes to foot speed and hand speed hooked together."

Ruth and the Yankees.

Babe Ruth has run across the toughest winter of his career and if the mental effect of all his troubles takes away part of his old keenness it will give Connie Mack the best shot he has had at the American league pennant in fifteen years. His love of baseball and the roar of the crowd may soon steam up the Babe again, but he is no longer a kid and the deal that fate dealt him lately won't help any to speak of. Ruth's bustling keenness has been a big factor in Yankee success, apart from his ability at bat and in the field. He has been out to win ever since he took his first cut at a fast one and he will be out to win again, but just how much of the old frame will be missing is something that only the campaign can show. Even with Ruth at his best the Yankees will need all they can carry to beat Mack's club with the pitching he will be able to throw against all opposition. The Yankees can hardly expect to keep the Athletics galled and bleeding so far from home and friends.

the scramble and began pursuit. He overtook the fleeing Tiger men; then outran them and tackled the ball carrier on Notre Dame's 25-yard line.

He has been a great help to Bill Alexander, of Georgia Tech, for four years, and in Atlanta it recently was said: "In three years no Georgia Tech back has suffered a shoulder injury from tackling. In three years no Georgia Tech back has suffered a hip injury from blocking. Out on the flats they give credit to Don Miller."

Ohio State followers are delighted that the former Horseman may go to Columbus as head coach. He is a native Ohioan and always has been popular in his state. Perhaps future Buckeye teams may have replicas of Durant, Mizell, Thomason and Lumpkin.

Dear Sir: From the way George Von Elm is paddling the golf ball on the west coast, the Detroit blond may give both professionals and amateurs a lot of trouble when the national championships are played next summer. After two years of mediocre play, Von Elm is at the peak of his game once more, and scoring better than any time in his life. Von Elm has played some of his very best golf on the Columbia courses and may have the range when the clubs gather at Del Monte for the amateur.

Major Segrave Visits Savannah

Savannah, Ga., February 12.—(AP)—Major H. O. Segrave, British automobile racer en route to Daytona Beach, Fla., for an attempt to set a new world's speed record, passed through here today and was said by W. F. Sturm, his manager, to be suffering from a heavy cold. He was confined to his bed in an effort to ward off threatened attack of bronchial pneumonia.

If his health permits, Sturm said, Major Segrave will begin tests with his Golden Arrow automobile on the Daytona Beach speedway within 10 days or two weeks.

Johnson To Become Tennis Team Coach

Philadelphia, February 12.—(AP)—Wallace F. Johnson, famous chop stroke tennis player and twice a finalist in the men's national singles, will abandon the amateur ranks and become coach of the University of Pennsylvania racket wilders, it was learned today. He will succeed John Hendricks.

Johnson has been intercollegiate champion and the winner of many important tournaments. In 1912 he came within two points of defeating M. E. McLaughlin for the national singles title. He has frequently appeared among the first ten in the national tennis rankings.

1. 'RITHMETIC is open to all residents in the state of Georgia, and adjoining states, namely: Alabama, Florida, North Carolina, South Carolina, and Tennessee, with the exception of employees of The Atlanta Constitution and members of their families.
2. Entries in 'RITHMETIC will be required to correctly add the numbers on any one or two or all three illustrations, each illustration representing a truck load of coal. Each illustration is known as a "Problem" and the "Problem" will be designated as "Problem No. 1," "Problem No. 2" and "Problem No. 3."
3. Three lists of prizes which will be known as "Prize List No. 1," "Prize List No. 2" and "Prize List No. 3" will be awarded. The person or persons correctly naming the total represented by any one or any two or all three of the three problems shall be eligible for first prize in whatever prize list (whether 1, 2 or 3) such contestant is competing in. The person or persons submitting the next nearest correct answer to any one or any two or all three of the "Problems" shall be eligible for the additional prizes in order of the correctness of the answers providing conformity is made to all the rules of 'RITHMETIC.
4. To qualify for a prize in 'RITHMETIC, each contestant must qualify his or her answers as follows:

PRIZE LIST NO. 1 requires 2 annual subscriptions to The Daily and Sunday Atlanta Constitution, one of which must be new, at \$9.50 each and accompanied by \$19.00 in the form of money order, check or cash.
PRIZE LIST NO. 2 requires 1 annual subscription to The Daily and Sunday Atlanta Constitution, either new or a renewal, accompanied by \$9.50 in the form of money order, check or cash.

THE RULES

PRIZE LIST NO. 3 requires 1 six months' subscription to The Daily and Sunday Atlanta Constitution, either new or renewal, and must be accompanied by \$5 in the form of money order, check or cash. No solution unaccompanied by remittance as stated in Prize Lists Nos. 1, 2 and 3 will be recorded.

5. The contest will be closed to the public on February 14, 1929, at which time all solutions accompanied by the subscription requirement must be delivered to the office of The Atlanta Constitution by midnight, February 14, 1929, or mailed at any Postoffice in Georgia or adjoining states bearing postmark of no later date than February 14, 1929. 7. For each additional annual subscription, either new or renewal, and accompanied by \$9.50 and over and above the requirement for each prize list, a contestant is privileged to submit an additional answer to the "Problem" in which that contestant is qualified. In other words, a contestant would be permitted to submit two sets of answers to "Prize List No. 1" if the 2 answers were accompanied by 2 annual subscriptions, whereas a contestant in "Prize

List No. 2" would be required to submit 2 annual subscriptions in order to submit 2 sets of answers to "Prize List No. 2."
8. A contestant is privileged to advance from one prize list to another or to direct that his qualifying subscriptions be applied to whatever prize list he may choose, providing such notice is given in writing to The Atlanta Constitution on or before 12 days following the close of the contest.

9. In case of ties as many prizes will be reserved in each prize list as there are people tied in that prize list before any prize is awarded for a less correct solution; that is, if two or more people should tie in submitting correct or nearest correct answers to any one of the problems, the first two or more prizes will be reserved for those persons so tying, and the prizes will be awarded in the correctness of the answers to such contestants in a second problem which will consist of adding another series of numbers. If any tie still remains a third problem, consisting of numbers arranged in parallel and horizontal lines, and which is to be solved by starting at some number in the left-hand column of the numbered chart, drawing a line perpendicularly and horizontally across the chart through from three to five numbers, between each turn, until the line reaches a number on the opposite side of the illustration; then adding the numbers through which the line passes, will be presented to the tying contestants. The contestant whose line passes through the numbers according to the rules and who has the largest sum total, correctly added, will be declared the highest, etc. If necessary to eliminate further ties, the same numbered chart with slightly changed rules will be submitted, and this repeated if necessary, as many as four times, after which, should any ties exist for any award, each tying contestant will be given a duplicate prize.

A Craig Kennedy Mystery Story

BY ARTHUR B. REEVE.

"It was in this town of Baiting Hollow that Frank Rice last heard of Jim Barr," he repeated, thoughtfully.

"Yes; he had a ranch near it. He had heard he had taken another name. Butler, Henry Butler. He's no longer fat; just stocky. Possibly Fanny has started to worry him a little. I wasn't thinking of that so much, though, as that it might make it a big more difficult to identify him. I'm glad you'll go with me, for if Jim has changed so, how will I hang it on him if he denies me and disowns Buster?"

Mary had a worried, apprehensive look. Kennedy just patted her arm lightly by way of encouragement. "Go home and get ready. Make the best comfortable while you are away. I'll get the transportation and all that." At once Kennedy and I hustled into making arrangements for this sudden trip. Between us it was easy. Buster was to stay at the hospital. And Craig was not too busy to plan a little surprise for the injured boy. He picked out a couple of armfuls of boy stories for the nurses to read to him, some joke books, some toys and puzzles suitable for a youngster who has to lie on his back all day while he is waiting for his mother to come home. It was a pleasure to select those things for Buster, pack them into the car, and drive up to the hospital with them.

It would have been hard to tell who was the happier, the boy or his mother. "Mr. Kennedy, I can't express my thanks. I wanted to do something like that, but I couldn't afford it. Mary turned her face away.

As for Buster, it was difficult to describe the pleasure of the child. When one is strapped in bed, must lie on a little back that gets very tired from one's lying in the same position, the smiles are likely to be wan. Only the great luminous eyes showing the brave soul within responded. They were aglow with boyish pleasure.

Now and then we find some human feeling in this sophisticated modern world. When I went down and told them back on the Star staff about Mary Barr and her boy, the Star agreed to finance the trip. It was an errand of mercy and a mark of respect to Mary. Her feelings were mixed over the trip. She appreciated the kindly intentions, but wouldn't take a cent herself.

"But, Walter," she exclaimed, "how good it is to know that all of the Star is backing Buster and me!" As we passed the boundary of each state, she seemed elated. It meant that her trip was just that much nearer being completed. We had found that the nearest sizable city to Baiting Hollow was Junction City. Accordingly we stopped there.

"Mary, you must stay here," decided Kennedy. "We'll get you a comfortable room in some hotel, and for the present your chief duty will be writing encouraging letters to Buster and lying low. I'll try to get you a temporary job somewhere as a telephone operator before we go on to Baiting Hollow. How about that?"

Mary expressed her approval. I respected her quixotic independence. In these days such a spirit was unique. By a fortunate chance it happened to be fair time in Junction City. The annual county fair was just about to open and we found that the local telephone office at the railroad station was short-handed. It did not even take influence to place Mary. The

district manager was only too glad to pick up an expert operator temporarily.

Accordingly we took the noon train for Baiting Hollow.

Baiting Hollow was not much of a place as to size, but the people seemed prosperous enough. We sought out the only hotel the town boasted. Fortunately, although it was small it was quite modern. Kennedy and I engaged rooms.

It was not long before we were chatting with Peck, the clerk, an affable sort of chap with a Texas breeziness about him. Kennedy was making random inquiries, engaging Peck principally in harmless gossip concerning the region and the more important random matters settled in it.

"Are there many cattle raisers in Baiting Hollow just now?" he asked. "I should think, with the county fair at Junction City, they would begin to come in."

"Oh, there's a lot of 'em. Some go in for hogs, other for cattle, and most all the ranches breed horses to some extent. We're a busy lot down here. Why, I suppose some men take more time off during this coming week than they do all the rest of the year. They go up to that fair every day to see what the other fellow is doing with his livestock. It's a great place to get information—and talk politics."

"And do many of them stop at the hotel?"

"Oh yes. A good many. There'll surely be some of the ranch owners here this afternoon. I'll be glad to make you acquainted. Hello, Tibbetts! Got time to meet a couple of strangers?"

"The clerk was genial, and there was no doubt of his popularity among the patrons of the new hotel. A tall, lanky individual in a wide-brimmed hat, prosperous-looking, strode over with that easy manner from constant sitting in the saddle. He shook hands heartily.

"Come in to the fair at the Junction City. I've some mighty fine cattle to show. Mustn't miss them." Tibbetts was as hearty in his words as in his handshake. He seemed interested just to talk cattle, with Kennedy ready to listen.

"Many of the folks around here exhibiting?" asked Kennedy, casually. "Nigh all of them. But they'll have to come some way to beat my white-faced beauties," Tibbetts added with pride.

All day the stalls rocky cowboys will be showing off the good points of the cattle from their ranches. But the big day is the day after tomorrow. Then the boys have contests, mighty interesting. I should think, to you easterners—roping cattle, riding horses, and breaking in peppy little pinto. We call it a rodeo. I don't know what you folks call it, but we think it's lots of fun. And how the boys enjoy it!"

"Would you? My folks are here at the hotel. This far, I'd kind of like to take another look at the boys, myself. I'm a jealous rancher, at fair time. Dixie ranch has had its colors up for more points than any other ranch these three years. And the boys are determined to win again. It's pointer to be hard this year. Down at Vic Lowmire's ranch they're bettin' heavy. Must have something up their sleeve. Hen Butler's men are out to win, too. Oh, everybody's stirred up. Yes, sir, though the folks has got so far, I wouldn't mind takin' a look at the men getting ready for the rodeo again. I'll take you down to my ranch in my little car. She can travel."

(Continued tomorrow.)

THE BUTTERFLY

THE butterfly, an idle thing,
Nor honey makes, nor yet
can sing.

As do the bee and bird;
Nor does it, like the prudent ant,
Lay up the grain for times of want,

A wise and cautious hoard.

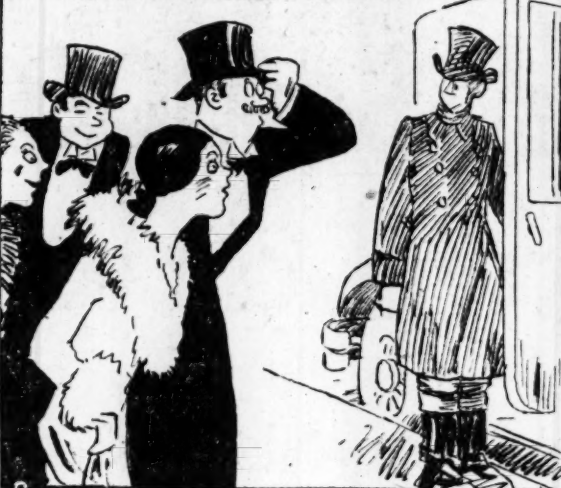

My youth is but a summer's day;
Then like the bee and ant I'll lay
A store of learning by;
And though from flower to flower
I rove,
My stock of wisdom I'll improve,
Nor be a butterfly.

HIGH LIGHTS OF HISTORY

Registered U. S. Patent Office.

ON THE NIGHT OF MARCH 6TH, 1901, THE U. S. GUNBOAT "VICKSBURG," CARRYING THE MEMBERS OF GEN. FUNSTON'S SECRET EXPEDITION TO CAPTURE AGUINALDO, SLIPPED OUT OF MANILA BAY, BOUND FOR THE EAST COAST OF LUZON.

MARCH 14TH, ON A NIGHT OF STORM AND DRIVING RAIN, FUNSTON'S LITTLE CRAFT LANDED ON THE WILD SHORES OF CASIGURAN. THEY WERE NOW IN HOSTILE COUNTRY. THE MARCH NORTHWARD WAS AT ONCE BEGUN, AND AT DAWN THE PARTY REACHED THE LARGE TOWN OF CASIGURAN.

The Capture of Aguinaldo (Part Three).

by J. CARROLL MANSFIELD

THEY WERE WELL RECEIVED BY THE INHABITANTS, WHO SET ABOUT GATHERING CRACKED CORN TO FEED THEIR GUESTS, THE SUPPOSED "INSURGENTS." MARCH 16TH, LETTERS WERE SENT FORWARD TO AGUINALDO BY RUNNER, ANNOUNCING THE COMING OF THE "REINFORCEMENTS."

DURING THE TWO DAYS THE FUNSTON PARTY REMAINED AT CASIGURAN, THE FIVE AMERICANS, ATTACHED TO THE EXPEDITION WERE CONFINED AS "PRISONERS," AND WERE A GREAT DISCOMFORT TO THE LOCAL NATIVES, WHO HAD NEVER SEEN AMERICANS BEFORE.

Opening with the theme song of the program, "La Touraine," by Nathaniel Shilkret, conductor of the orchestra, the concert includes Shilkret's arrangement of Schubert's "Moment Musical," and the famous "Blue Danube" waltz by Strauss.

Jack Parker, tenor, will sing the popular song, "I'm Sorry, Sally," Foster's "Jennie With the Light Brown Hair" and Nathaniel Shilkret's composition, "Betty," the theme song of the motion picture, "Synthetic Sin." Mr. Parker will be accompanied by the full orchestra.

The second program of the Ingram Shavers will be heard through WSB and the N. B. C. system at 8 o'clock tonight.

The Ingram Shavers made their radio debut on January 30, and will continue to broadcast half-hour programs of lively dance music over the N. B. C. system on alternate Wednesday nights. Tonight they will feature their "Barber Shop Trio," and these male vocalists will be heard in the choruses of the popular "Good Little Bad Little" and "My Starlight," one of the newest fox-trot compositions.

Orchestra selections to be heard during this program include the novelty number, "Ragumuffin," and the melodic waltz ballad, "Marie."

The Gold Strand orchestra, familiar to radio listeners through previous broadcasts over WSB and the N. B. C. system, inaugurates a new series of presentations tonight to be broadcast each Wednesday night, from 9:30 to 10 o'clock tonight.

For their initial broadcast over a nationwide network, Director Gustave Hansen has selected a number of popular and successful airs in which the Gold Strand orchestra is assisted by Fred Vetti as tenor soloist, and the two-piano team of Pollack and Mering.

Weekly broadcasts by the Gold Strand group are sponsored by the American Wire Fabrics corporation, of New York city.
